ATTENTION: ALL BIDDERS AND PLAN HOLDERS

Hume Road  
C.R.P. 2000-3

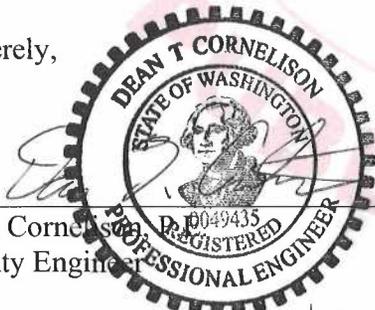

ADDENDUM No. 1

YOU ARE HEREBY NOTIFIED that the following shall be added or revised on the Plans and Specifications for the above-referenced project

1. **SPECIAL PROVISIONS** page 1 to page 67 (Division 1) referenced in the footer as Hume Road C.R.P. No. 2000-3 are replaced with the attached **SPECIAL PROVISIONS** page 1 to page 60 referencing Addendum No. 1 Hume Road C.R.P. No. 2000-3.
2. Add **CONTENTS** Addendum No. 1 Hume Road C.R.P. No. 2000-3 referencing the Addendum No. 1 **SPECIAL PROVISIONS**.
3. The **PROPOSAL** is replaced with the attached **PROPOSAL** Addendum No. 1 Hume Road C.R.P. No. 2000-3.
4. Page 4 of the Plans is replaced with the attached revised Page 4 of the Plans.
5. State Wage Rates dated 11/3/2025 are replaced with the attached State Wage Rates dated 11/24/2025.

Sincerely,

Dean Cornelison  
County Engineer

Exp 8/16/27

# SPECIAL PROVISIONS

## INTRODUCTION TO THE SPECIAL PROVISIONS

(JULY 8, 2024 APWA GSP, OPTION B)

The work on this project shall be accomplished in accordance with the *Standard Specifications for Road, Bridge and Municipal Construction*, 2025 edition, as issued by the Washington State Department of Transportation (WSDOT) and the American Public Works Association (APWA), Washington State Chapter (hereafter “Standard Specifications”). The Standard Specifications, as modified or supplemented by these Special Provisions, all of which are made a part of the Contract Documents, shall govern all of the Work.

These Special Provisions are made up of both General Special Provisions (GSPs) from various sources, which may have project-specific fill-ins; and project-specific Special Provisions. Each Provision either supplements, modifies, or replaces the comparable Standard Specification, or is a new Provision. The deletion, amendment, alteration, or addition to any subsection or portion of the Standard Specifications is meant to pertain only to that particular portion of the section, and in no way should it be interpreted that the balance of the section does not apply.

The GSPs are labeled under the headers of each GSP, with the effective date of the GSP and its source. For example:

*(March 8, 2013 APWA GSP)*  
*(April 1, 2013) for WSDOT GSPs, only use date*  
*(May 1, 2013 WC GSP) Agency Special Provision*

*Project specific special provisions are labeled without a date as such:*  
*(\*\*\*\*\*)*

Also incorporated into the Contract Documents by reference are:

- *Manual on Uniform Traffic Control Devices for Streets and Highways*, currently adopted edition, with Washington State modifications, if any
- *Standard Plans for Road, Bridge and Municipal Construction*, WSDOT Manual M21-01, current edition

Contractor shall obtain copies of these publications, at Contractor’s own expense.

## DIVISION 1 GENERAL REQUIREMENTS

### DESCRIPTION OF WORK

(MARCH 13, 1995)

This contract provides for the improvements of approximately 3.12 miles of Hume Road, County Road No. 2000, from milepost 0.00 to milepost 3.12 by grading, draining, surfacing, HMA paving, pavement markings, traffic control and other work, all in accordance with the Contract Plans and Provisions and the Standard Specifications.

## DEFINITIONS AND TERMS

### DEFINITIONS

(JANUARY 19, 2022 APWA GSP)

Delete the heading **Completion Dates** and the three paragraphs that follow it of Section 1-01.3, and replace them with the following:

#### **Dates**

##### **Bid Opening Date**

The date on which the Contracting Agency publicly opens and reads the Bids.

##### **Award Date**

The date of the formal decision of the Contracting Agency to accept the lowest responsible and responsive Bidder for the Work.

##### **Contract Execution Date**

The date the Contracting Agency officially binds the Agency to the Contract.

##### **Notice to Proceed Date**

The date stated in the Notice to Proceed on which the Contract time begins.

##### **Substantial Completion Date**

The day the Engineer determines the Contracting Agency has full and unrestricted use and benefit of the facilities, both from the operational and safety standpoint, any remaining traffic disruptions will be rare and brief, and only minor incidental work, replacement of temporary substitute facilities, plant establishment periods, or correction or repair remains for the Physical Completion of the total Contract.

##### **Physical Completion Date**

The day all of the Work is physically completed on the project. All documentation required by the Contract and required by law does not necessarily need to be furnished by the Contractor by this date.

##### **Completion Date**

The day all the Work specified in the Contract is completed and all the obligations of the Contractor under the contract are fulfilled by the Contractor. All documentation required by the Contract and required by law must be furnished by the Contractor before establishment of this date.

##### **Final Acceptance Date**

The date on which the Contracting Agency accepts the Work as complete.

Supplement Section 1-01.3 with the following:

All references in the Standard Specifications or WSDOT General Special Provisions, to the terms "Department of Transportation", "Washington State Transportation Commission", "Commission", "Secretary of Transportation", "Secretary", "Headquarters", and "State Treasurer" shall be revised to read "Contracting Agency".

All references to the terms “State” or “state” shall be revised to read “Contracting Agency” unless the reference is to an administrative agency of the State of Washington, a State statute or regulation, or the context reasonably indicates otherwise.

All references to “State Materials Laboratory” shall be revised to read “Contracting Agency designated location”.

All references to “final contract voucher certification” shall be interpreted to mean the Contracting Agency form(s) by which final payment is authorized, and final completion and acceptance granted.

**Additive**

A supplemental unit of work or group of bid items, identified separately in the Bid Proposal, which may, at the discretion of the Contracting Agency, be awarded in addition to the base bid.

**Alternate**

One of two or more units of work or groups of bid items, identified separately in the Bid Proposal, from which the Contracting Agency may make a choice between different methods or material of construction for performing the same work.

**Business Day**

A business day is any day from Monday through Friday except holidays as listed in Section 1-08.5.

**Contract Bond**

The definition in the Standard Specifications for “Contract Bond” applies to whatever bond form(s) are required by the Contract Documents, which may be a combination of a Payment Bond and a Performance Bond.

**Contract Documents**

See definition for “Contract”.

**Contract Time**

The period of time established by the terms and conditions of the Contract within which the Work must be physically completed.

**Notice of Award**

The written notice from the Contracting Agency to the successful Bidder signifying the Contracting Agency’s acceptance of the Bid Proposal.

**Notice to Proceed**

The written notice from the Contracting Agency or Engineer to the Contractor authorizing and directing the Contractor to proceed with the Work and establishing the date on which the Contract time begins.

**Traffic**

Both vehicular and non-vehicular traffic, such as pedestrians, bicyclists, wheelchairs, and equestrian traffic.

## BID PROCEDURES AND CONDITIONS

### PRE-BID SHOWING

(APRIL 7, 1995 WC GSP)

The project is scheduled for a pre-bid showing to all prospective bidders on **Tuesday, October 21, 2025**. All interested bidders are invited to meet at the County Engineer's Office, North 310 Main Street, 2nd Floor, Colfax, Washington at **10:00 a.m.** Pacific Daylight Savings Time.

### QUALIFICATIONS OF BIDDER

(JANUARY 24, 2011 APWA GSP)

Delete Section 1-02.1 and replace it with the following:

Before award of a public works contract, a bidder must meet at least the minimum qualifications of RCW 39.04.350(1) to be considered a responsible bidder and qualified to be awarded a public works project.

### PLANS AND SPECIFICATIONS

(JUNE 27, 2011 APWA GSP)

Delete Section 1-02.2 and replace it with the following:

Information as to where Bid Documents can be obtained or reviewed can be found in the Call for Bids (Advertisement for Bids) for the work.

After award of the contract, plans and specifications will be issued to the Contractor at no cost as detailed below:

To Prime Contractor	No. of Sets	Basis of Distribution
Reduced plans (11" x 17")	5	Furnished automatically upon award.
Contract Provisions	5	Furnished automatically upon award.
Large plans (e.g., 22" x 34")	3	Furnished only upon request.

Additional plans and Contract Provisions may be obtained by the Contractor from the source stated in the Call for Bids, at the Contractor's own expense.

### PROPOSAL FORMS

(NOVEMBER 25, 2024 APWA GSP)

Delete Section 1-02.5 and replace it with the following:

The Proposal Form will identify the project and its location and describe the work. It will also list estimated quantities, units of measurement, the items of work, and the materials to be furnished at the unit bid prices. The bidder shall complete spaces on the proposal form that

call for, but are not limited to, unit prices; extensions; summations; the total bid amount; signatures; date; and, where applicable, retail sales taxes and acknowledgment of addenda; the bidder's name, address, telephone number, and signature; the bidder's DBE commitment, if applicable; a State of Washington Contractor's Registration Number; and a Business License Number, if applicable. Bids shall be in legible figures (not words) written in ink or typed and expressed in U.S. dollars. The required certifications are included as part of the Proposal Form.

The Contracting Agency reserves the right to arrange the proposal forms with alternates and additives, if such be to the advantage of the Contracting Agency. The bidder shall bid on all alternates and additives set forth in the Proposal Form unless otherwise specified.

## **PREPARATION OF PROPOSAL**

(SEPTEMBER 3, 2024)

Section 1-02.6 is supplemented with the following:

### **Bidder Questionnaire**

The Bidder shall submit with their Bid a completed Bidder Questionnaire form (WSDOT Form #272-022). This shall be filled out for each firm who submitted a bid or quote in attempt to participate in the project whether they were successful or not and include the following information:

1. Firm name;
2. Firm address including ZIP code;
3. Firm's status as a DBE or non-DBE;
4. NAICS code applicable to each scope of work the firm sought to perform in its bid;
5. Age of the firm; and
6. The annual gross receipts of the firm. The Bidder may obtain this information by asking each firm to indicate into what gross receipts bracket they fit (less than \$1 million; \$1-3 million; \$3-6 million; \$6-10 million; etc.) rather than requesting an exact figure from the firm.

Failure to return this completed form as part of the Bid Proposal package will cause this Bid to be considered irregular in accordance with Section 1-02.13. A copy of this form is included in the Proposal Forms.

(JUNE 11, 2025)

The fourth paragraph of Section 1-02.6 is revised to read:

The Bidder shall submit with the Bid a Subcontractor List (WSDOT Form #271-015) containing the following:

1. Subcontractors who will perform the work of structural steel installation, rebar installation, heating, ventilation, air conditioning, and plumbing as described in RCW 18.106 and electrical as described in RCW 19.28, and
2. The Work those subcontractors will perform on the Contract and the proof of license when required as described in RCW 39.30.060.
3. No more than one subcontractor for each category of work identified, except, when subcontractors vary with Bid alternates, in which case the Bidder shall identify which subcontractor will be used for which alternate.

## **BID DEPOSIT**

(MARCH 8, 2013 APWA GSP)

Supplement Section 1-02.7 with the following:

1. Contracting Agency-assigned number for the project;
2. Name of the project;
3. The Contracting Agency named as obligee;
4. The amount of the bid bond stated either as a dollar figure or as a percentage which represents five percent of the maximum bid amount that could be awarded;
5. Signature of the bidder's officer empowered to sign official statements. The signature of the person authorized to submit the bid should agree with the signature on the bond, and the title of the person must accompany the said signature;
6. The signature of the surety's officer empowered to sign the bond and the power of attorney.

If so stated in the Contract Provisions, bidder must use the bond form included in the Contract Provisions.

If so stated in the Contract Provisions, cash will not be accepted for a bid deposit.

## **DELIVERY OF PROPOSAL**

(OCTOBER 21, 2025 APWA GSP, OPTION B)

Delete Section 1-02.9 and replace it with the following:

### **GENERAL**

Each Proposal shall be submitted in a sealed envelope, with the Project Name and Project Number as stated in the Call for Bids clearly marked on the outside of the envelope, or as otherwise required in the Bid Documents, to ensure proper handling and delivery.

Proposals that are received as required will be publicly opened and read as specified in Section 1-02.12. The Contracting Agency will not open or consider any Bid Proposal that is received after the time specified in the Call for Bids for receipt of Bid Proposals or received in a location other than that specified in the Call for Bids. The Contracting Agency will not open or consider any "Supplemental Information" that is received after the time specified or received in a location other than that specified in the Call for Bids.

If an emergency or unanticipated event interrupts normal work processes of the Contracting Agency so that Proposals cannot be received at the office designated for receipt of bids as specified in Section 1-02.12 the time specified for receipt of the Proposal will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which the normal work processes of the Contracting Agency resume.

Supplemental bid information submitted after the proposal submittal but within 48 hours of the time and date the proposal is due, shall be submitted as follows:

1. In a sealed envelope labeled the same as for the Proposal, with "Supplemental Information" added, or
2. By facsimile to the following FAX number: (509) 397-6210, or
3. By e-mail to the following e-mail address: Dean.Cornelison@whitmancounty.gov

## **WITHDRAWING, REVISING, OR SUPPLEMENTING PROPOSAL**

(JULY 23, 2015 APWA GSP)

Delete Section 1-02.10 and replace it with the following:

After submitting a physical Bid Proposal to the Contracting Agency, the Bidder may withdraw, revise, or supplement it if:

1. The Bidder submits a written request signed by an authorized person and physically delivers it to the place designated for receipt of Bid Proposals, and
2. The Contracting Agency receives the request before the time set for receipt of Bid Proposals, and
3. The revised or supplemented Bid Proposal (if any) is received by the Contracting Agency before the time set for receipt of Bid Proposals.

If the Bidder's request to withdraw, revise, or supplement its Bid Proposal is received before the time set for receipt of Bid Proposals, the Contracting Agency will return the unopened Proposal package to the Bidder. The Bidder must then submit the revised or supplemented package in its entirety. If the Bidder does not submit a revised or supplemented package, then its bid shall be considered withdrawn.

Late revised or supplemented Bid Proposals or late withdrawal requests will be date recorded by the Contracting Agency and returned unopened. Mailed, emailed, or faxed requests to withdraw, revise, or supplement a Bid Proposal are not acceptable.

## **PUBLIC OPENING OF PROPOSALS**

(OCTOBER 3, 2022 WC GSP)

Section 1-02.12 is supplemented with the following:

### **Date of Opening Bids**

Proposals will be received by in-person delivery or by courier at the Board of County Commissioners of Whitman County, State of Washington, at its office located in the Whitman County Courthouse, N. 400 Main Street, Colfax, Washington on the Bid opening day.

The Bid opening date for this project is **Monday, November 24, 2025**. Bids received by **10:15 a.m. Pacific Standard Time** on this date will be publicly opened and read.

## **IRREGULAR PROPOSALS**

(JANUARY 13, 2025)

Item 1 of Section 1-02.13 is supplemented with the following:

- n. The Bidder fails to submit the Bidder Questionnaire (WSDOT Form 272-022), if applicable, as required in Section 1-02.6, or if the documentation that is submitted fails to meet the requirements of the Special Provisions.

## **DISQUALIFICATION OF BIDDERS**

(MAY 17, 2018 APWA GSP, OPTION A)

Delete Section 1-02.14 and replace it with the following:

A Bidder will be deemed not responsible if the Bidder does not meet the mandatory bidder responsibility criteria in RCW 39.04.350(1), as amended.

The Contracting Agency will verify that the Bidder meets the mandatory bidder responsibility criteria in RCW 39.04.350(1). To assess bidder responsibility, the Contracting Agency reserves the right to request documentation as needed from the Bidder and third parties concerning the Bidder's compliance with the mandatory bidder responsibility criteria.

If the Contracting Agency determines the Bidder does not meet the mandatory bidder responsibility criteria in RCW 39.04.350(1) and is therefore not a responsible Bidder, the Contracting Agency shall notify the Bidder in writing, with the reasons for its determination. If the Bidder disagrees with this determination, it may appeal the determination within two (2) business days of the Contracting Agency's determination by presenting its appeal and any additional information to the Contracting Agency. The Contracting Agency will consider the appeal and any additional information before issuing its final determination. If the final determination affirms that the Bidder is not responsible, the Contracting Agency will not execute a contract with any other Bidder until at least two business days after the Bidder determined to be not responsible has received the Contracting Agency's final determination.

## **AWARD AND EXECUTION OF CONTRACT**

### **EXECUTION OF CONTRACT**

(JULY 8, 2024 APWA GSP, OPTION A)

Revise Section 1-03.3 to read:

Within 3 calendar days of Award date (not including Saturdays, Sundays and Holidays), the successful Bidder shall provide the information necessary to execute the Contract to the Contracting Agency. The Bidder shall send the contact information, including the full name, email address, and phone number, for the authorized signer and bonding agent to the Contracting Agency.

Copies of the Contract Provisions, including the unsigned Form of Contract, will be available for signature by the successful bidder on the first business day following award. The number of copies to be executed by the Contractor will be determined by the Contracting Agency.

Within 20 calendar days after the award date, the successful bidder shall return the signed Contracting Agency-prepared contract, an insurance certification as required by Section 1-07.18, a satisfactory bond as required by law and Section 1-03.4, the Transfer of Coverage form for the Construction Stormwater General Permit with sections I, III, and VIII completed when provided. Before execution of the contract by the Contracting Agency, the successful bidder shall provide any pre-award information the Contracting Agency may require under Section 1-02.15.

Until the Contracting Agency executes a contract, no proposal shall bind the Contracting Agency nor shall any work begin within the project limits or within Contracting Agency-furnished sites. The Contractor shall bear all risks for any work begun outside such areas and for any materials ordered before the contract is executed by the Contracting Agency.

If the bidder experiences circumstances beyond their control that prevents return of the contract documents within the calendar days after the award date stated above, the Contracting Agency may grant up to a maximum of 20 additional calendar days for return of the documents, provided the Contracting Agency deems the circumstances warrant it.

### **CONTRACT BOND**

(JULY 23, 2015 APWA GSP)

Delete the first paragraph of Section 1-03.4 and replace it with the following:

The successful bidder shall provide executed payment and performance bond(s) for the full contract amount. The bond may be a combined payment and performance bond; or be separate payment and performance bonds. In the case of separate payment and performance bonds, each shall be for the full contract amount. The bond(s) shall:

1. Be on Contracting Agency-furnished form(s);
2. Be signed by an approved surety (or sureties) that:
  - a. Is registered with the Washington State Insurance Commissioner, and

- b. Appears on the current Authorized Insurance List in the State of Washington published by the Office of the Insurance Commissioner,
- 3. Guarantee that the Contractor will perform and comply with all obligations, duties, and conditions under the Contract, including but not limited to the duty and obligation to indemnify, defend, and protect the Contracting Agency against all losses and claims related directly or indirectly from any failure:
  - a. Of the Contractor (or any of the employees, subcontractors, or lower tier subcontractors of the Contractor) to faithfully perform and comply with all contract obligations, conditions, and duties, or
  - b. Of the Contractor (or the subcontractors or lower tier subcontractors of the Contractor) to pay all laborers, mechanics, subcontractors, lower tier subcontractors, material person, or any other person who provides supplies or provisions for carrying out the work;
- 4. Be conditioned upon the payment of taxes, increases, and penalties incurred on the project under titles 50, 51, and 82 RCW; and
- 5. Be accompanied by a power of attorney for the Surety's officer empowered to sign the bond; and
- 6. Be signed by an officer of the Contractor empowered to sign official statements (sole proprietor or partner). If the Contractor is a corporation, the bond(s) must be signed by the president or vice president, unless accompanied by written proof of the authority of the individual signing the bond(s) to bind the corporation (i.e., corporate resolution, power of attorney, or a letter to such effect signed by the president or vice president).

## **JUDICIAL REVIEW**

(DECEMBER 30, 2022 APWA GSP)

Revise Section 1-03.7 to read:

All decisions made by the Contracting Agency regarding the Award and execution of the Contract or Bid rejection shall be conclusive subject to the scope of judicial review permitted under Washington Law. Such review, if any, shall be timely filed in the Superior Court of the county where the Contracting Agency headquarters is located, provided that where an action is asserted against a county, RCW 36.01.050 shall control venue and 0

## **SCOPE OF THE WORK**

### **COORDINATION OF CONTRACT DOCUMENTS, PLANS, SPECIAL PROVISIONS, SPECIFICATIONS, AND ADDENDA**

(DECEMBER 30, 2022 APWA GSP)

Revise the second paragraph of Section 1-04.2 to read:

Any inconsistency in the parts of the contract shall be resolved by following this order of precedence (e.g., 1 presiding over 2, 2 over 3, 3 over 4, and so forth):

1. Addenda,
2. Proposal Form,
3. Special Provisions,
4. Contract Plans,
5. Standard Specifications,
6. Contracting Agency's Standard Plans or Details (if any), and
7. WSDOT Standard Plans for Road, Bridge, and Municipal Construction.

## **CHANGES**

(JANUARY 19, 2022 APWA GSP)

The first two sentences of the last paragraph of Section 1-04.4 are deleted.

## **CONTROL OF WORK**

### **AUTHORITY OF THE ENGINEER**

#### **Requests for Information (RFI)**

(NOVEMBER 4, 2024)

The fourth paragraph of Section 1-05.1(2) is revised to read:

The Contractor may submit a RFI for one of the following reasons:

1. The Contractor believes there is information missing from the Contract Documents (Missing Information).
2. The Contractor believes a clarification of one or more of the Contract requirements is necessary (Clarification).
3. The Contractor needs to substitute a material that provides an equal or better level of performance as the one specified in the Contract (RFC - Material Substitution). Requests shall indicate the location(s), quantity, and shall describe how the material provides an equal or better level of performance as the material originally specified.
4. The Contractor requests a change to the Contract requirements for a reason other than one listed in items 1-3 of this Section (RFC - Other). To be considered, the request must not meet the requirements of a Value Engineering Change Proposal. To be

considered, the request shall qualify as a Minor Change in accordance with Section 1-04.4(1) and shall describe how the change is beneficial to the project.

## **CONFORMITY WITH AND DEVIATIONS FROM PLANS AND STAKES**

(SEPTEMBER 1, 2019 WC GSP)

Section 1-05.4 is supplemented with the following:

### **Contractor Surveying – Roadway**

Copies of the Contracting Agency provided primary survey control data are available for the bidder's inspection at the office of the Project Engineer.

The Contractor shall be responsible for maintaining and resetting all alignment stakes, slope stakes, and grades necessary for the construction of the roadbed, drainage, surfacing, paving, channelization and pavement marking, illumination and signals, guardrails and barriers, and signing. Except for the survey control data to be furnished by the Contracting Agency, calculations, surveying, and measuring required for setting and maintaining the necessary lines and grades shall be the Contractor's responsibility.

The Contractor shall inform the Engineer when monuments are discovered that were not identified in the Plans and construction activity may disturb or damage the monuments. All monuments noted on the plans "DO NOT DISTURB" shall be protected throughout the length of the project or be replaced at the Contractors expense.

Detailed survey records shall be maintained, including a description of the work performed on each shift, the methods utilized, and the control points used. The record shall be adequate to allow the survey to be reproduced. A copy of each day's record shall be provided to the Engineer within three working days after the end of the shift.

The meaning of words and terms used in this provision shall be as listed in "Definitions of Surveying and Associated Terms" current edition, published by the American Congress on Surveying and Mapping and the American Society of Civil Engineers.

The survey work shall include but not be limited to the following:

1. Verify the primary horizontal and vertical control furnished by the Contracting Agency, and expand into secondary control by adding stakes and hubs as well as additional survey control needed for the project. Provide descriptions of secondary control to the Contracting Agency. The description shall include coordinates and elevations of all secondary control points.
2. Establish, the centerlines of all alignments, by placing hubs, stakes, or marks on centerline or on offsets to centerline at all curve points (PCs, PTs, and PIs) and at points on the alignments spaced no further than 50 feet.
3. Establish clearing limits, placing stakes at all angle points and at intermediate points not more than 50 feet apart. The clearing and grubbing limits shall be 5 feet beyond the toe of a fill and 10 feet beyond the top of a cut unless otherwise shown in the Plans. If Global Positioning Satellite (GPS) Machine Controls are used to provide clearing

limits control, then stake placement may be reduced to at all angle points and at intermediate points not more than 100 feet apart.

4. Establish grading limits, placing slope stakes at centerline increments not more than 50 feet apart. Establish offset reference to all slope stakes. If Global Positioning Satellite (GPS) Machine Controls are used to provide grade control, then slope stake placement may be reduced to centerline increments not more than 100 feet apart.
5. Establish the horizontal and vertical location of all drainage features, placing offset stakes to all drainage structures and to pipes at a horizontal interval not greater than 25 feet.
6. Establish roadbed and surfacing elevations by placing stakes at the top of subgrade and at the top of each course of surfacing. Subgrade and surfacing stakes shall be set at horizontal intervals not greater than 50 feet in tangent sections, 25 feet in curve sections with a radius less than 300 feet, and at 10-foot intervals in intersection radii with a radius less than 10 feet. Transversely, stakes shall be placed at all locations where the roadway slope changes and at additional points such that the transverse spacing of stakes is not more than 12 feet. If GPS Machine Controls are used to provide grade control, then roadbed and surfacing stakes may be reduced to the following intervals. Subgrade and surfacing stakes shall be set at horizontal intervals not greater than 100 feet in tangent sections, 50 feet in curve sections with a radius less than 300 feet, and at 10-foot intervals in intersection radii with a radius less than 10 feet. Transversely, stakes shall be placed at all locations where the roadway slope changes and at additional points such that the transverse spacing of stakes is not more than 12 feet.
7. Establish intermediate elevation benchmarks as needed to check work throughout the project.
8. Provide references for paving pins at 25-foot intervals or provide simultaneous surveying to establish location and elevation of paving pins as they are being placed.
9. For all other types of construction included in this provision, (including but not limited to channelization and pavement marking, illumination and signals, guardrails and barriers, and signing) provide staking and layout as necessary to adequately locate, construct, and check the specific construction activity.
10. The Contractor shall collect additional topographic survey data as needed in order to match into existing roadways such that the transition from the new pavement to the existing pavement is smooth and that the pavement and ditches drain properly. If changes to the profiles or roadway sections shown in the contract plans are needed to achieve proper smoothness and drainage where matching into existing features, the Contractor shall submit these changes to the Project Engineer for review and approval 10 days prior to the beginning of work.

The Contractor shall provide the Contracting Agency copies of any calculations and staking data when requested by the Engineer.

To facilitate the establishment of these lines and elevations, the Contracting Agency will provide the Contractor with primary survey control information consisting of descriptions of

two primary control points used for the horizontal and vertical control, and descriptions of two additional primary control points for every additional three miles of project length. Primary control points will be described by reference to the project alignment and the coordinate system and elevation datum utilized by the project. In addition, the Contracting Agency will supply horizontal coordinates for the beginning and ending points and for each Point of Intersection (PI) on each alignment included in the project.

The Contractor shall ensure a surveying accuracy within the following tolerances:

	<u>Vertical</u>	<u>Horizontal</u>
Slope stakes	±0.10 feet	±0.10 feet
Subgrade grade stakes set 0.04 feet below grade	±0.01 feet	±0.5 feet (parallel to alignment) ±0.1 feet (normal to alignment)
Stationing on roadway	N/A	±0.1 feet
Alignment on roadway	N/A	±0.04 feet
Surfacing grade stakes	±0.01 feet	±0.5 feet (parallel to alignment) ±0.1 feet (normal to alignment)
Roadway paving pins for surfacing or paving	±0.01 feet	±0.2 feet (parallel to alignment) ±0.1 feet (normal to alignment)

The Contracting Agency may spot-check the Contractor's surveying. These spot-checks will not change the requirements for normal checking by the Contractor.

When staking roadway alignment and stationing, the Contractor shall perform independent checks from different secondary control to ensure that the points staked are within the specified survey accuracy tolerances.

The Contractor shall calculate coordinates for the alignment. The Contracting Agency will verify these coordinates prior to issuing approval to the Contractor for commencing with the work. The Contracting Agency will require up to seven calendar days from the date the data is received.

Contract work to be performed using contractor-provided stakes shall not begin until the stakes are approved by the Contracting Agency. Such approval shall not relieve the Contractor of responsibility for the accuracy of the stakes.

Stakes shall be marked in accordance with Standard Plan A10.10. When stakes are needed that are not described in the Plans, then those stakes shall be marked, at no additional cost to the Contracting Agency as ordered by the Engineer.

## **Payment**

Payment will be made in accordance with Section 1-04.1 for the following bid item when included in the proposal:

"Roadway Surveying", lump sum.

The lump sum contract price for "Roadway Surveying" shall be full pay for all labor, equipment, materials, and supervision utilized to perform the Work specified, including any resurveying, checking, correction of errors, replacement of missing or damaged stakes, and coordination efforts.

(NOVEMBER 25, 2024 APWA GSP, OPTION A)

Supplement Section 1-05.4 with the following:

### **Roadway and Utility Surveys**

The Engineer shall furnish to the Contractor one time only all principal lines, grades, and measurements the Engineer deems necessary for completion of the work. These shall generally consist of one initial set of:

1. Slope stakes for establishing grading;
2. Curb grade stakes;
3. Centerline finish grade stakes for pavement sections wider than 25 feet; and
4. Offset points to establish line and grade for underground utilities such as water, sewers, and storm drains.

On alley construction projects with minor grade changes, the Engineer shall provide only offset hubs on one side of the alley to establish the alignment and grade.

## **REMOVAL OF DEFECTIVE AND UNAUTHORIZED WORK**

(NOVEMBER 4, 2024)

Section 1-05.7, including title and subsections, is deleted and replaced with the following:

### **Nonconforming Work**

The Contracting Agency will not pay for Nonconforming Work.

Nonconforming Work is Work that in any way fails to meet the requirements of the Contract. This includes, but is not limited to:

- Work that does not conform to Contract requirements
- Work that does not meet Contract requirements
- Work done beyond the lines and grades set by the Plans or the Engineer
- Extra Work and materials furnished without the Engineer's written approval

- Defective Work
- Noncompliant Work
- Nonconforming Work
- Out of specification Work
- Rejected Work
- Unacceptable Work
- Unauthorized Work
- Unsuitable Work
- Unsatisfactory Work

#### **Identification of Nonconforming Work**

The Contractor is responsible for quality control and shall identify all Nonconforming Work. The Contracting Agency may also identify Nonconforming Work during inspection of Work that has been completed, is at an identified hold point, or has been identified by the Contractor as ready for inspection. However, failure by the Contracting Agency to identify Nonconforming Work shall not relieve the Contractor from their responsibility for the quality of the Work, nor shall it constitute acceptance or approval of the Nonconforming Work.

#### **Reporting of Nonconforming Work**

Unless otherwise specified, the Contractor shall immediately report all Nonconforming Work to the Engineer along with any relevant information about how the Nonconforming Work shall be remediated. The Contractor shall be responsible and bear all costs for remediating Nonconforming Work.

If the Contract requires the use of the WSDOT Unifier system for Document Control in accordance with Section 1-04.2, reporting and remediation submittals shall follow the "Nonconformance Report" business process in Unifier.

#### **Remediation of Nonconforming Work**

Remediation to correct Nonconforming Work shall be completed as soon as possible. However, unless otherwise specified, the Contractor shall not proceed with implementing the remedy until the Engineer has accepted the Contractor's proposed remedy. Any remedial work done prior to the Engineer's acceptance shall be at the Contractor's sole risk and will be subject to further rejection or remediation. The Engineer has the right to reject all or part of the Nonconforming Work, and the Engineer's decision is final and not subject to protest.

Remediation shall be classified in one of the following categories:

1. Rework to Contract requirements
2. Remove and replace

### 3. Repair to acceptable standards

When disputes occur over which category a remedy belongs, the Engineer's decision will be final and binding.

#### **Rework to Contract Requirements**

To be considered rework, the design and construction standards of the proposed completed Work, in the sole judgment of the Engineer, shall meet the design and construction standards applicable to the project.

Reporting of Nonconforming Work that is reworked is not required if all of the following conditions are met:

1. The remediation shall be completed in the same shift as the Nonconforming Work was identified.
2. It shall be remedied without damaging other Work.
3. It shall be remedied without putting the public at risk.
4. The Contractor's proposed remedy is in accordance with the Contract requirements.
5. The Engineer does not request the Nonconforming Work be reported.

Examples of Nonconforming Work that may not need reported if reworked include:

- Missing dobies prior to concrete pouring
- Rebar spacing and missing rebar
- Out of plumb luminaire or sign pole/post

For all other rework the Contractor shall submit all relevant information to the Engineer. The Contractor shall include Type 2 Working Drawings. The Type 2 Working Drawings shall explain how the nonconforming work will be reworked including repairs that will achieve the Contract requirements. For preapproved repair procedures, Type 1 Working drawings shall be included in lieu of the Type 2 Working Drawings.

#### **Remove and Replace**

To be considered as remove and replace, the Nonconforming Work shall be removed and replaced and the design and construction standards of the proposed completed Work, in the sole judgment of the Engineer, shall meet the design and construction standards applicable to the project.

Reporting of Nonconforming Work that is removed and replaced is not required if all of the following conditions are met:

1. The remedy shall be completed in the same shift the Nonconforming Work was identified.

2. It shall be removed and replaced without damaging other Work.
3. Both the removal and the replacement meet all Contract requirements.
4. The Engineer does not request the Nonconforming Work be reported.

Examples of Nonconforming Work that may not need reported if removed and replaced include:

- Decompacting and recompacting a lift of embankment to meet compaction requirements
- Removing and replacing an installed and dented luminaire pole with a new one.

For all other remove and replace Work, the Contractor shall submit all relevant information, including Working Drawings of the Type requested by the Engineer.

The Working Drawings shall include how the nonconforming Work will be removed and replaced including protection of other Work if needed. Type 2 Working Drawings shall be required, unless the remediation requires engineering, in which case, Type 2E Working Drawings shall be provided.

#### **Repair to an Acceptable Standard**

At the Contractor's written request, the Engineer may approve remediation that includes repairing to an acceptable standard that does not meet the Contract requirements with an appropriate price reduction that may range from no reduction to no payment.

To request to repair Nonconforming work to an acceptable standard, the Contractor shall submit all relevant information. Remedies proposed for this category shall include Type 2E Working Drawings. The Type 2E working drawings shall indicate whether the Work, as repaired, will achieve the same load carrying capacity, and shall assess the effects of the repair on the durability of the Work. Calculations shall be provided to demonstrate that the Work, as repaired, will perform the intended functions for its intended design life.

## **FINAL INSPECTION**

(OCTOBER 1, 2005 APWA GSP)

Delete Section 1-05.11 and replace it with the following:

### **1-05.11 Final Inspections and Operational Testing**

#### **1-05.11(1) Substantial Completion Date**

When the Contractor considers the work to be substantially complete, the Contractor shall so notify the Engineer and request the Engineer establish the Substantial Completion Date. The Contractor's request shall list the specific items of work that remain to be completed in order to reach physical completion. The Engineer will schedule an inspection of the work with the Contractor to determine the status of completion. The Engineer may also establish the Substantial Completion Date unilaterally.

If, after this inspection, the Engineer concurs with the Contractor that the work is substantially complete and ready for its intended use, the Engineer, by written notice to the Contractor, will set the Substantial Completion Date. If, after this inspection the Engineer does not consider the work substantially complete and ready for its intended use, the Engineer will, by written notice, so notify the Contractor giving the reasons therefore.

Upon receipt of written notice concurring in or denying substantial completion, whichever is applicable, the Contractor shall pursue vigorously, diligently and without unauthorized interruption, the work necessary to reach Substantial and Physical Completion. The Contractor shall provide the Engineer with a revised schedule indicating when the Contractor expects to reach substantial and physical completion of the work.

The above process shall be repeated until the Engineer establishes the Substantial Completion Date and the Contractor considers the work physically complete and ready for final inspection.

### **1-05.11(2) Final Inspection and Physical Completion Date**

When the Contractor considers the work physically complete and ready for final inspection, the Contractor by written notice, shall request the Engineer to schedule a final inspection. The Engineer will set a date for final inspection. The Engineer and the Contractor will then make a final inspection and the Engineer will notify the Contractor in writing of all particulars in which the final inspection reveals the work incomplete or unacceptable. The Contractor shall immediately take such corrective measures as are necessary to remedy the listed deficiencies. Corrective work shall be pursued vigorously, diligently, and without interruption until physical completion of the listed deficiencies. This process will continue until the Engineer is satisfied the listed deficiencies have been corrected.

If action to correct the listed deficiencies is not initiated within 7 days after receipt of the written notice listing the deficiencies, the Engineer may, upon written notice to the Contractor, take whatever steps are necessary to correct those deficiencies pursuant to Section 1-05.7.

The Contractor will not be allowed an extension of contract time because of a delay in the performance of the work attributable to the exercise of the Engineer's right hereunder.

Upon correction of all deficiencies, the Engineer will notify the Contractor and the Contracting Agency, in writing, of the date upon which the work was considered physically complete. That date shall constitute the Physical Completion Date of the contract, but shall not imply acceptance of the work or that all the obligations of the Contractor under the contract have been fulfilled.

### **1-05.11(3) Operational Testing**

It is the intent of the Contracting Agency to have at the Physical Completion Date a complete and operable system. Therefore when the work involves the installation of machinery or other mechanical equipment; street lighting, electrical distribution or signal systems; irrigation systems; buildings; or other similar work it may be desirable for the Engineer to have the Contractor operate and test the work for a period of time after final inspection but prior to the physical completion date. Whenever items of work are listed in the Contract Provisions for operational testing, they shall be fully tested under operating conditions for the time period specified to ensure their acceptability prior to the Physical Completion Date. During and following the test period, the Contractor shall correct any items of workmanship, materials, or equipment which prove faulty, or that are not in first class operating condition. Equipment,

electrical controls, meters, or other devices and equipment to be tested during this period shall be tested under the observation of the Engineer, so that the Engineer may determine their suitability for the purpose for which they were installed. The Physical Completion Date cannot be established until testing and corrections have been completed to the satisfaction of the Engineer.

The costs for power, gas, labor, material, supplies, and everything else needed to successfully complete operational testing, shall be included in the unit contract prices related to the system being tested, unless specifically set forth otherwise in the proposal.

Operational and test periods, when required by the Engineer, shall not affect a manufacturer's guaranties or warranties furnished under the terms of the contract.

## **SUPERINTENDENTS, LABOR AND EQUIPMENT OF CONTRACTOR**

(AUGUST 14, 2013 APWA GSP)

Delete the sixth and seventh paragraphs of Section 1-05.13.

## **METHOD OF SERVING NOTICES**

(JANUARY 4, 2024 APWA GSP)

Revise the second paragraph of Section 1-05.15 to read:

All correspondence from the Contractor shall be served and directed to the Engineer. All correspondence from the Contractor constituting any notification, notice of protest, notice of dispute, or other correspondence constituting notification required to be furnished under the Contract, must be written in paper format, hand delivered or sent via certified mail delivery service with return receipt requested to the Engineer's office. Electronic copies such as e-mails or electronically delivered copies of correspondence will not constitute such notice and will not comply with the requirements of the Contract.

## **WATER AND POWER**

(OCTOBER 1, 2005 APWA GSP)

Add the following new Section 1-05.16:

The Contractor shall make necessary arrangements, and shall bear the costs for power and water necessary for the performance of the work, unless the contract includes power and water as a pay item.

## **CONTROL OF MATERIAL**

### **BUY AMERICA REQUIREMENTS**

(MARCH 20, 2025)

Section 1-06 is supplemented with the following:

#### **General Requirements**

Addendum No. 1  
Hume Road  
C.R.P. No. 2000-3

In accordance with Buy America requirements contained in 23 CFR 635.410 and 2 CFR 184, the following materials must be produced in the United States:

1. All Iron or Steel Products used in the project. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
2. All Manufactured Products used in the project. This means the manufactured product was manufactured in the United States.
3. All Construction Materials used in the project. This means that all manufacturing processes for the construction material occurred in the United States.

An article, material, or supply will be classified in one of four categories: 1) Iron or Steel Product, 2) Manufactured Product, 3) Construction Material, or 4) Excluded Material. Only a single category will apply to an item except as follows:

1. With respect to precast concrete products that are classified as Manufactured Products, the components of precast concrete products that consist wholly or predominantly of iron, steel, or combination of both shall meet the requirements for and be tracked as an Iron or Steel Product. The item shall also meet the requirements for a Manufactured Product, and the cost of the iron or steel components shall be included in determining if the Manufactured Product was produced in the United States.
2. With respect to intelligent transportation systems and other electronic hardware systems that are classified as Manufactured Products, the cabinets or other enclosures of such systems that consist wholly or predominantly of iron, steel, or a combination of both, shall meet the requirements for and be tracked as an Iron or Steel Products. The item shall also meet the requirements for a Manufactured Product and the cost of the iron or steel components shall be included in determining if the manufactured product was produced in the United States.

Some contract items are composed of multiple parts that may fall into different categories. Individual components will be categorized as a Construction Material, a Manufactured Product, an Iron or Steel Product, or an excluded material based on their composition when they arrive at the staging area or work site.

### **Definitions**

1. Construction Material: Defined as any article, material, or supply brought to the construction site for incorporation into the final product. Construction materials include an article, material, or supply that is or consists primarily of:
  - a. Non-ferrous metals including all manufacturing processes, from initial smelting or melting through final shaping, coating, and assembly;
  - b. Plastic and polymer-based products including all manufacturing processes, from initial combination of constituent plastic or polymer-based inputs, or, where applicable, constituent composite materials, until the item is in its final form);

- c. Glass including all manufacturing processes, from initial batching and melting of raw materials through annealing, cooling, and cutting);
- d. Fiber optic cable (includes drop cable) including all manufacturing processes, from initial ribboning (if applicable), through buffering, fiber stranding and jacketing, (fiber optic cable also includes the standards for glass and optical fiber);
- e. Optical fiber including all manufacturing processes, from the initial preform fabrication stage, through the completion of the draw;
- f. Lumber including all manufacturing processes, from initial debarking through treatment and planing;
- g. Drywall including all manufacturing processes, from initial blending of mined or synthetic gypsum plaster and additives through cutting and drying of sandwiched panels; or
- h. Engineered wood including all manufacturing processes from the initial combination of constituent materials until the wood product is in its final form.

If a Construction Material is not manufactured in the United States it shall be considered a Foreign Construction Material.

2. Excluded Material: A material where Buy America requirements do not apply. This includes the following:
  - a. Materials excluded by Section 70917(c) of the Buy America, Build America Act with respect to aggregates this includes cement and cementitious materials, aggregates such as stone, sand, or gravel or aggregate binding agents or additives. These materials shall be classified as excluded materials based on the composition when brought to the work site. It also includes combinations of these excluded materials when mixtures of Excluded Materials are delivered to the work site without final form for incorporation into the project (i.e. wet concrete and HMA). If they are formed prior to delivery, they are a Manufactured Product and not an Excluded Material.
  - b. Temporary materials that are not being permanently incorporated into the project.
  - c. Raw or minimal processed materials where the article, material, or supply does not fall into any of the categories, as it is not a Manufactured Product, an Iron or Steel Product, or a Construction Material and when these materials are delivered to the work site without final form for incorporation into the product (i.e. seed mix and topsoil). If they are formed prior to delivery, they are a Manufactured Product and not an Excluded Material.
3. Iron or Steel Product: An article, material, or supply that consist of wholly or predominantly of iron or steel or a combination of both. To be considered predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is based on a good faith estimate of the cost of the iron or steel components.

4. **Manufactured Product:** A Manufactured Product includes any item produced as a result of the manufacturing process. Items that should be treated as a manufactured product (rather than a construction material) are: 1) items that consist of two or more of the listed construction materials that have been combined together through a manufacturing process, and 2) items that include at least one of the listed construction materials as defined above, combined with a material that is not listed through a manufacturing process.

If a product is not an Iron or Steel Product, a Construction Material, or an Excluded Material, it is a Manufactured Product.

5. **United States:** To further define the coverage, a domestic product is a manufactured steel construction material that was produced in one of the 50 states, the District of Columbia, Puerto Rico, or in the territories and possessions of the United States.

### **Iron or Steel Product Requirements**

Iron or Steel Products that are permanently incorporated into the project shall consist of American-made materials only. Buy America requirements do not apply to temporary steel or iron items, e.g., temporary sheet piling, temporary bridges, steel scaffolding and falsework.

Minor amounts of foreign steel and iron may be utilized in this project provided the cost of the foreign material used does not exceed one-tenth of one percent of the total contract cost or \$2,500.00, whichever is greater.

American-made material is defined as material having all manufacturing processes occurring domestically.

If domestically produced steel billets or iron ingots are exported outside of the United States, as defined above, for any manufacturing process then the resulting product does not conform to the Buy America requirements. Additionally, products manufactured domestically from foreign source steel billets or iron ingots do not conform to the Buy America requirements because the initial melting and mixing of alloys to create the material occurred in a foreign country.

Manufacturing begins with the initial melting and mixing and continues through the coating stage. Any process which modifies the chemical content, the physical size or shape, or the final finish is considered a manufacturing process. The processes include rolling, extruding, machining, bending, grinding, drilling, welding, and coating. The action of applying a coating to steel or iron is deemed a manufacturing process. Coating includes epoxy coating, galvanizing, aluminizing, painting, and any other coating that protects or enhances the value of steel or iron. Any process from the original reduction from ore to the finished product constitutes a manufacturing process for iron.

Due to a nationwide waiver, Buy America requirements do not apply to raw materials (iron ore and alloys), scrap (recycled steel or iron), and pig iron ore processed, pelletized, and reduced iron ore.

The following are considered to be steel manufacturing processes:

1. Production of steel by any of the following processes:

- a. Open hearth furnace.
  - b. Basic oxygen.
  - c. Electric furnace.
  - d. Direct reduction.
2. Rolling, heat treating, and any other similar processing.
  3. Fabrication of the products:
    - a. Spinning wire into cable or strand.
    - b. Corrugating and rolling into culverts.
    - c. Shop fabrication.

A certification of materials origin will be required for all iron or steel products prior to such items being incorporated into the permanent work. The Contractor will not receive payment until the certification is received by the Engineer. The certification shall be on WSDOT Form 350-109 provided by the Engineer, or such other form the Contractor chooses, provided it contains the same information as WSDOT Form 350-109.

#### **Manufactured Products**

Due to a nationwide waiver, Buy America requirements do not apply to Manufactured Products except as follows:

1. When a precast concrete product is classified as a Manufactured Product, the components that are an Iron or Steel Product shall follow the "Iron and Steel Requirements" of this Specification.
2. When an electronic hardware system such as an intelligent transportation system is classified as a Manufactured Product, the cabinets and the other enclosures of such systems that are an Iron or Steel Product shall follow the "Iron and Steel Requirements" of this Specification.

#### **Construction Material Requirements**

A Contractor provided certification of materials origin will be required before each progress estimate or payment. The Contractor will not receive payment until the certification is received by the Engineer. The Contractor shall certify that all Construction Materials installed during the current progress estimate period meet the Buy America requirements. The certification shall be on WSDOT Form 350-111 provided by the Engineer, or such other form the Contractor chooses, provided it contains the same information as WSDOT Form 350-111.

#### **Waiver for De Minimis Costs**

Minor amounts of Foreign Construction Materials may be utilized in this project, provided that the total cost of the Foreign Construction Materials does not exceed \$1,000,000 and does not exceed 5 percent of the total applicable material costs calculated as follows:

$$\frac{\textit{Total cost of Foreign Construction Materials}}{\textit{Total applicable material costs}} < 0.05$$

The total applicable material costs shall be the sum of the costs all Construction Materials, all Iron or Steel Products, and all Manufactured Products. Total applicable material costs does not include Excluded Materials.

## **FINANCIAL INCENTIVE**

(JANUARY 4, 2024 APWA GSP)

Replace the first sentence of Section 1-06.2(2)B with the following:

The maximum Composite Pay Factor shall be 1.00.

## **RECYCLED MATERIALS**

(JANUARY 4, 2016 APWA GSP)

Delete Section 1-06.6, including its subsections, and replace it with the following:

The Contractor shall make their best effort to utilize recycled materials in the construction of the project. Approval of such material use shall be as detailed elsewhere in the Standard Specifications.

Prior to Physical Completion, the Contractor shall report the quantity of recycled materials that were utilized in the construction of the project for each of the items listed in Section 9-03.21. The report shall include hot mix asphalt, recycled concrete aggregate, recycled glass, steel furnace slag and other recycled materials (e.g. utilization of on-site material and aggregates from concrete returned to the supplier). The Contractor's report shall be provided on DOT form 350-075 Recycled Materials Reporting.

## **LEGAL RELATIONS AND RESPONSIBILITIES TO THE PUBLIC**

### **LAWS TO BE OBSERVED**

(OCTOBER 1, 2005 APWA GSP)

Supplement Section 1-07.1 with the following:

In cases of conflict between different safety regulations, the more stringent regulation shall apply.

The Washington State Department of Labor and Industries shall be the sole and paramount administrative agency responsible for the administration of the provisions of the Washington Industrial Safety and Health Act of 1973 (WISHA).

The Contractor shall maintain at the project site office, or other well known place at the project site, all articles necessary for providing first aid to the injured. The Contractor shall establish, publish, and make known to all employees, procedures for ensuring immediate removal to a hospital, or doctor's care, persons, including employees, who may have been injured on the

project site. Employees should not be permitted to work on the project site before the Contractor has established and made known procedures for removal of injured persons to a hospital or a doctor's care.

The Contractor shall have sole responsibility for the safety, efficiency, and adequacy of the Contractor's plant, appliances, and methods, and for any damage or injury resulting from their failure, or improper maintenance, use, or operation. The Contractor shall be solely and completely responsible for the conditions of the project site, including safety for all persons and property in the performance of the work. This requirement shall apply continuously, and not be limited to normal working hours. The required or implied duty of the Engineer to conduct construction review of the Contractor's performance does not, and shall not, be intended to include review and adequacy of the Contractor's safety measures in, on, or near the project site.

## **STATE SALES TAX**

(JUNE 27, 2011 APWA GSP)

Delete Section 1-07.2, including its sub-sections, in its entirety and replace it with the following:

The Washington State Department of Revenue has issued special rules on the State sales tax. Sections 1-07.2(1) through 1-07.2(3) are meant to clarify those rules. The Contractor should contact the Washington State Department of Revenue for answers to questions in this area. The Contracting Agency will not adjust its payment if the Contractor bases a bid on a misunderstood tax liability.

The Contractor shall include all Contractor-paid taxes in the unit bid prices or other contract amounts. In some cases, however, state retail sales tax will not be included. Section 1-07.2(2) describes this exception.

The Contracting Agency will pay the retained percentage (or release the Contract Bond if a FHWA-funded Project) only if the Contractor has obtained from the Washington State Department of Revenue a certificate showing that all contract-related taxes have been paid (RCW 60.28.051). The Contracting Agency may deduct from its payments to the Contractor any amount the Contractor may owe the Washington State Department of Revenue, whether the amount owed relates to this contract or not. Any amount so deducted will be paid into the proper State fund.

### **1-07.2(1) State Sales Tax — Rule 171**

WAC 458-20-171, and its related rules, apply to building, repairing, or improving streets, roads, etc., which are owned by a municipal corporation, or political subdivision of the state, or by the United States, and which are used primarily for foot or vehicular traffic. This includes storm or combined sewer systems within and included as a part of the street or road drainage system and power lines when such are part of the roadway lighting system. For work performed in such cases, the Contractor shall include Washington State Retail Sales Taxes in the various unit bid item prices, or other contract amounts, including those that the Contractor pays on the purchase of the materials, equipment, or supplies used or consumed in doing the work.

### **1-07.2(2) State Sales Tax — Rule 170**

WAC 458-20-170, and its related rules, apply to the constructing and repairing of new or existing buildings, or other structures, upon real property. This includes, but is not limited to, the construction of streets, roads, highways, etc., owned by the state of Washington; water mains and their appurtenances; sanitary sewers and sewage disposal systems unless such sewers and disposal systems are within, and a part of, a street or road drainage system; telephone, telegraph, electrical power distribution lines, or other conduits or lines in or above streets or roads, unless such power lines become a part of a street or road lighting system; and installing or attaching of any article of tangible personal property in or to real property, whether or not such personal property becomes a part of the realty by virtue of installation.

For work performed in such cases, the Contractor shall collect from the Contracting Agency, retail sales tax on the full contract price. The Contracting Agency will automatically add this sales tax to each payment to the Contractor. For this reason, the Contractor shall not include the retail sales tax in the unit bid item prices, or in any other contract amount subject to Rule 170, with the following exception.

Exception: The Contracting Agency will not add in sales tax for a payment the Contractor or a subcontractor makes on the purchase or rental of tools, machinery, equipment, or consumable supplies not integrated into the project. Such sales taxes shall be included in the unit bid item prices or in any other contract amount.

### **1-07.2(3) Services**

The Contractor shall not collect retail sales tax from the Contracting Agency on any contract wholly for professional or other services (as defined in Washington State Department of Revenue Rules 138 and 244).

## **ENVIRONMENTAL REGULATIONS**

Section 1-07.5 is supplemented with the following:

(SEPTEMBER 20, 2010)

### **Environmental Commitments**

The following Provisions summarize the requirements, in addition to those required elsewhere in the Contract, imposed upon the Contracting Agency by the various documents referenced in the Special Provision PERMITS AND LICENSES. Throughout the work, the Contractor shall comply with the following requirements:

(APRIL 1, 2019)

No Contractor staging areas are allowed within 50 feet of any waters of the State including wetlands and wetland buffers.

(AUGUST 3, 2009)

### **Payment**

All costs to comply with this special provision for the environmental commitments and requirements are incidental to the contract and are the responsibility of the Contractor. The Contractor shall include all related costs in the associated bid prices of the contract.

## STATE DEPARTMENT OF FISH AND WILDLIFE

Section 1-07.5(2) is supplemented with the following:

(APRIL 2, 2018)

The following Provisions summarize the requirements, in addition to those required elsewhere in the Contract, imposed upon the Contracting Agency by the Washington State Department of Fish and Wildlife. Throughout the work, the Contractor shall comply with the following requirements:

(APRIL 2, 2018)

The Contractor may begin Work below the Ordinary High Water Line on April 1, 2026 and must complete all the Work by October 15, 2026.

(APRIL 2, 2018)

### **Payment**

All costs to comply with this special provision are incidental to the Contract and are the responsibility of the Contractor. The Contractor shall include all related costs in the associated bid prices of the contract.

## U.S. ARMY CORPS OF ENGINEERS

Section 1-07.5(5) is supplemented with the following:

(APRIL 2, 2018)

The following Provisions summarize the requirements, in addition to those required elsewhere in the Contract, imposed upon the Contracting Agency by the U.S. Army Corps of Engineers. Throughout the work, the Contractor shall comply with the following requirements:

(FEBRUARY 25, 2013) OPTION 1(C)

Temporary structures and dewatering of areas under the jurisdiction of the U.S. Army Corps of Engineers must maintain normal downstream flows and prevent upstream and downstream flooding to the maximum extent practicable.

(AUGUST 3, 2009) OPTION 1(D)

Heavy equipment working in wetlands or mudflats must be placed on mats or other measures taken to minimize soil disturbance as approved by the Engineer.

(APRIL 2, 2018)

### **Payment**

All costs to comply with this special provision are incidental to the Contract and are the responsibility of the Contractor. The Contractor shall include all related costs in the associated bid prices of the contract.

## PERMITS AND LICENSES

(JANUARY 2, 2018)

Section 1-07.6 is supplemented with the following:

The Contracting Agency has obtained the below-listed permit(s) for this project. A copy of the permit(s) is attached as an appendix for informational purposes. Copies of these permits,

including a copy of the Transfer of Coverage form, when applicable, are required to be onsite at all times.

Contact with the permitting agencies, concerning the below-listed permit(s), shall be made through the Engineer with the exception of when the Construction Stormwater General Permit coverage is transferred to the Contractor, direct communication with the Department of Ecology is allowed. The Contractor shall be responsible for obtaining Ecology’s approval for any Work requiring additional approvals (e.g. Request for Chemical Treatment Form). The Contractor shall obtain additional permits as necessary. All costs to obtain and comply with additional permits shall be included in the applicable Bid items for the Work involved.

Permit or Approval	Permit #	Issuing Agency	Issued	Expires
Department of the Army Section 404 Nationwide No. 3	NWP No. 3	Corps of Engineers Seattle District	02/25/2022	03/14/2026
NPDES Construction Stormwater General Permit	WAR314956	Department of Ecology	9/8/2025	Until Terminated
Hydraulic Project Approval	2025-1-126+01	Department of Fish & Wildlife	09/11/2025	10/15/2026

**LOAD LIMITS**

(MARCH 13, 1995)

Section 1-07.7 is supplemented with the following:

If the sources of materials provided by the Contractor necessitates hauling over roads other than State Highways, the Contractor shall, at the Contractor's expense, make all arrangements for the use of the haul routes.

**HIGH-VISIBILITY APPAREL**

(NOVEMBER 4, 2024)

The third and fourth paragraphs of Section 1-07.8 are revised to read:

High-visibility garments shall always be the outermost garments worn in a manner to ensure 360 degrees of uninterrupted background and retroreflective material encircling the torso.

High-visibility garments shall be labeled as, and in a condition compliant with the ANSI/ISEA 107-2015 publication entitled “American National Standard for High-Visibility Safety Apparel and Accessories,” or equivalent revisions.

**TRAFFIC CONTROL PERSONNEL**

(NOVEMBER 4, 2024)

Section 1-07.8(1) is revised to read:

All personnel performing the Work described in Section 1-10 (including traffic control supervisors, flaggers, and others performing traffic control labor of any kind) shall comply with the following:

1. During daylight hours with clear visibility, workers shall wear a high-visibility ANSI/ISEA 107 Type R Class 2 or 3 garment with background material that are fluorescent yellow-green, fluorescent orange-red, or fluorescent red in color; and a high visibility hardhat that is white, yellow, yellow-green, orange, or red in color; and
2. During hours of darkness (½ hour before sunset to ½ hour after sunrise) or other low-visibility conditions (snow, fog, etc.), workers shall wear a high-visibility ANSI/ISEA 107 Type R Class 2 or 3 garment with background material that are fluorescent yellow-green, fluorescent orange-red, or fluorescent red in color; a high-visibility lower garment meeting ANSI/ISEA 107 Class E, and a high visibility hardhat marked with at least 12 square inches of retroreflective material applied to provide 360 degrees of visibility.

## **WAGES**

(JANUARY 6, 2025)

Section 1-07.9(1) is supplemented with the following:

### **General**

The Federal wage rates incorporated in this contract have been established by the Secretary of Labor under United States Department of Labor General Decision No. WA20250001.

The State rates incorporated in this contract are applicable to all construction activities associated with this contract.

## **REQUIRED DOCUMENTS**

(JULY 8, 2024 APWA GSP)

Section 1-07.9(5)A is revised to read as follows:

All Statements of Intent to Pay Prevailing Wages, Affidavits of Wages Paid and Certified Payrolls, including a signed Statement of Compliance for Federal-aid projects, shall be submitted to the Engineer and to the State L&I online Prevailing Wage Intent & Affidavit (PWIA) system. When apprenticeship is a requirement of the contract, include in PWIA all apprentices.

## **REQUIREMENTS FOR NONDISCRIMINATION**

(OCTOBER 1, 2020 APWA GSP, OPTION A)

1-07.11 is Supplemented with the following:

### **Disadvantaged Business Enterprise Participation**

The Disadvantaged Business Enterprise (DBE) requirements of 49 CFR Part 26 and USDOT's official interpretations (i.e., Questions & Answers) apply to this Contract. As such, the requirements of this Contract are to make affirmative efforts to solicit DBEs, provide

information on who submitted a Bid or quote and to report DBE participation monthly as described elsewhere in these Contract Provisions. No preference will be included in the evaluation of Bids/Proposals, no minimum level of DBE participation shall be required as a Condition of Award and Bids/Proposals may not be rejected or considered non-responsive on that basis.

#### **DBE Abbreviations and Definitions**

**Broker** – A business firm that provides a bona fide service, such as professional, technical, consultant or managerial services and assistance in the procurement of essential personnel, facilities, equipment, materials, or supplies required for the performance of the Contract, or, persons/companies who arrange or expedite transactions.

**Certified Business Description** – Specific descriptions of work the DBE is certified to perform, as identified in the Certified Firm Directory, under the Vendor Information page.

**Certified Firm Directory** – A database of all Minority, Women, and Disadvantaged Business Enterprises. The on-line Directory is available to Contractors for their use in identifying and soliciting interest from DBE firms. The database is located under the Firm Certification section of the Diversity Management and Compliance System web page at: <https://omwbe.diversitycompliance.com>.

#### **Commercially Useful Function (CUF)**

49 CFR 26.55(c)(1) defines commercially useful function as: *“A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, you must evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing and the DBE credit claimed for its performance of the work, and other relevant factors.”*

**Contract** – For this Special Provision only, this definition supplements Section 1-01.3. 49 CFR 26.5 defines contract as: *“... a legally binding relationship obligating a seller to furnish supplies or services (including, but not limited to, construction and professional services) and the buyer to pay for them. For purposes of this part, a lease is considered to be a contract.”*

**Disadvantaged Business Enterprise (DBE)** – A business firm certified by the Washington State Office of Minority and Women’s Business Enterprises, as meeting the criteria outlined in 49 CFR 26 regarding DBE certification.

**Force Account Work** – Work measured and paid in accordance with Section 1-09.6.

**Manufacturer (DBE)** – A DBE firm that operates or maintains a factory or establishment that produces on the premises the materials, supplies, articles, or equipment required under the Contract. A DBE Manufacturer shall produce finished

goods or products from raw or unfinished material or purchase and substantially alters goods and materials to make them suitable for construction use before reselling them.

**Regular Dealer (DBE)** – A DBE firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials or supplies required for the performance of a Contract are bought, kept in stock, and regularly sold to the public in the usual course of business. To be a Regular Dealer, the DBE firm must be an established regular business that engages in as its principal business and in its own name the purchase and sale of the products in question. A Regular Dealer in such items as steel, cement, gravel, stone, and petroleum products need not own, operate or maintain a place of business if it both owns and operates distribution equipment for the products. Any supplementing of regular dealers' own distribution equipment shall be by long-term formal lease agreements and not on an ad-hoc basis. Brokers, packagers, manufacturers' representatives, or other persons who arrange or expedite transactions shall not be regarded as Regular Dealers within the meaning of this definition.

### **DBE Goals**

No DBE goals have been assigned as part of this Contract.

### **Affirmative Efforts to Solicit DBE Participation**

The Contractor shall not discriminate on the grounds of race, color, sex, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. DBE firms shall have an equal opportunity to compete for subcontracts in which the Contractor enters into pursuant to this Contract.

Contractors are encouraged to:

- 
- 1. Advertise opportunities for Subcontractors or suppliers in a timely and reasonably designed manner to provide notice of the opportunity to DBEs capable of performing the Work. All advertisements should include a Contract Provision encouraging participation by DBE firms. This may be accomplished through general advertisements (e.g. newspapers, journals, etc.) or by soliciting Bids/Proposals directly from DBEs.
- 
- 2. Establish delivery schedules that encourage participation by DBEs and other small businesses.
- 
- 3. Participate with a DBE as a joint venture.
- 

### **DBE Eligibility/Selection of DBEs for Reporting Purposes Only**

Contractor may take credit for DBEs utilized on this Contract only if the firm is certified for the Work being performed, and the firm performs a commercially useful function (CUF).

Absent a mandatory goal, all DBE participation that is attained on this project will be considered as "race neutral" participation and shall be reported as such.

### **Crediting DBE Participation**

All DBE Subcontractors shall be certified before the subcontract on which they are participating is executed.

Be advised that although a firm is listed in the directory, there are cases where the listed firm is in a temporary suspension status. The Contractor shall review the OMWBE Suspended DBE Firms list. A DBE firm that is included on this list may not enter into new contracts that count towards participation.

DBE participation is only credited upon payment to the DBE.

The following are some definitions of what may be counted as DBE participation.

**DBE Prime Contractor**

Only take credit for that portion of the total dollar value of the Contract equal to the distinct, clearly defined portion of the Work that the DBE Prime Contractor performs with its own forces and is certified to perform.

**DBE Subcontractor**

Only take credit for that portion of the total dollar value of the subcontract equal to the distinct, clearly defined portion of the Work that the DBE performs with its own forces. The value of work performed by the DBE includes the cost of supplies and materials purchased by the DBE and equipment leased by the DBE, for its work on the contract. Supplies, materials or equipment obtained by a DBE that are not utilized or incorporated in the contract work by the DBE will not be eligible for DBE credit.

The supplies, materials, and equipment purchased or leased from the Contractor or its affiliate, including any Contractor's resources available to DBE subcontractors at no cost, shall not be credited.

DBE credit will not be given in instances where the equipment lease includes the operator. The DBE is expected to operate the equipment used in the performance of its work under the contract with its own forces. Situations where equipment is leased and used by the DBE, but payment is deducted from the Contractor's payment to the DBE is not allowed.

If a DBE subcontracts a portion of the Work of its contract to another firm, the value of the subcontracted Work may be credited only if the DBE's Lower-Tier Subcontractor is also a DBE. Work subcontracted to a non-DBE shall not be credited.

Count expenditures toward race/gender-neutral participation only if the DBE is performing a CUF on the contract.

**DBE Subcontract and Lower Tier Subcontract Documents**

There must be a subcontract agreement that complies with 49 CFR Part 26 and fully describes the distinct elements of Work committed to be performed by the DBE. The subcontract agreement shall incorporate requirements of the primary Contract. Subcontract agreements of all tiers, including lease agreements shall be readily available at the project site for the Engineer review.

**DBE Service Provider**

The value of fees or commissions charged by a DBE Broker, a DBE behaving in a manner of a Broker, or another service provider for providing a bona fide service, such as professional, technical, consultant, managerial services, or for providing bonds or

insurance specifically required for the performance of the contract will only be credited as DBE participation, if the fee/commission is determined by the Contracting Agency to be reasonable and the firm has performed a CUF.

### **Temporary Traffic Control**

If the DBE firm is being utilized in the capacity of only “Flagging”, the DBE firm must provide a Traffic Control Supervisor (TCS) and flagger, which are under the direct control of the DBE. The DBE firm shall also provide all flagging equipment (e.g. paddles, hard hats, and vests).

If the DBE firm is being utilized in the capacity of “Traffic Control Services”, the DBE firm must provide a TCS, flaggers, and traffic control items (e.g., cones, barrels, signs, etc.) and be in total control of all items in implementing the traffic control for the project. In addition, if the DBE firm utilizes the Contractor’s equipment, such as Transportable Attenuators and Portable Changeable Message Signs (PCMS) no DBE credit can be taken for supplying and operating the items.

### **Trucking**

DBE trucking firm participation may only be credited as DBE participation for the value of the hauling services, not for the materials being hauled unless the trucking firm is also certified as a supplier. In situations where the DBE’s work is priced per ton, the value of the hauling service must be calculated separately from the value of the materials in order to determine DBE credit for hauling.

The DBE trucking firm must own and operate at least one licensed, insured and operational truck on the contract. The truck must be of the type that is necessary to perform the hauling duties required under the contract. The DBE receives credit for the value of the transportation services it provides on the Contract using trucks it owns or leases, licenses, insures, and operates with drivers it employs.

The DBE may lease additional trucks from another DBE firm. The Work that a DBE trucking firm performs with trucks it leases from other certified DBE trucking firms qualify for 100% DBE credit

The trucking Work subcontracted to any non-DBE trucking firm will not receive credit for Work done on the project. The DBE may lease trucks from a non-DBE truck leasing company, but can only receive credit as DBE participation if the DBE uses its own employees as drivers.

DBE credit for a truck broker is limited to the fee/commission that the DBE receives for arranging transportation services.

Truck registration and lease agreements shall be readily available at the project site for the Engineer review.

### **DBE Manufacturer and DBE Regular Dealer**

One hundred percent (100%) of the cost of the manufactured product obtained from a DBE Manufacturer can count as DBE participation.

Sixty percent (60%) of the cost of materials or supplies purchased from a DBE Regular Dealer may be credited as DBE participation. If the role of the DBE Regular Dealer is

determined to be that of a pass-through, then no DBE credit will be given for its services. If the role of the DBE Regular Dealer is determined to be that of a Broker, then DBE credit shall be limited to the fee or commission it receives for its services. Regular Dealer status and the amount of credit is determined on a Contract-by-Contract basis.

Regular Dealer DBE firms must be approved before being used on a project. The WSDOT Approved Regular Dealer list published on WSDOT's Office of Equal Opportunity (OEO) web site must include the specific project for which approval is being requested. The Regular Dealer must submit the Regular Dealer Status Request form a minimum of five days prior to being utilized on the specific project.

Purchase of materials or supplies from a DBE which is neither a manufacturer nor a regular dealer, (i.e. Broker) only the fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on a job site, can count as DBE participation provided the fees are not excessive as compared with fees customarily allowed for similar services. Documentation will be required to support the fee/commission charged by the DBE. The cost of the materials and supplies themselves cannot be counted toward as DBE participation.

Note: Requests to be listed as a Regular Dealer will only be processed if the requesting firm is a material supplier certified by the Office of Minority and Women's Business Enterprises in a NAICS code that falls within the 42XXXX NAICS Wholesale code section.

#### **Procedures Between Award and Execution**

After Award and prior to Execution, the Contractor shall provide the additional information described below. Failure to comply shall result in the forfeiture of the Bidder's Proposal bond or deposit.

- 
- 1. A list of all firms who submitted a bid or quote in attempt to participate in this project whether they were successful or not. Include the business name and mailing address.
- 

Note: The firms identified by the Contractor may be contacted by the Contracting Agency to solicit general information as follows: age of the firm and average of its gross annual receipts over the past three-years.

#### **Procedures After Execution**

##### **Commercially Useful Function (CUF)**

The Contractor may only take credit for the payments made for Work performed by a DBE that is determined to be performing a CUF. Payment must be commensurate with the work actually performed by the DBE. This applies to all DBEs performing Work on a project, whether or not the DBEs are COA, if the Contractor wants to receive credit for their participation. The Engineer will conduct CUF reviews to ascertain whether DBEs are performing a CUF. A DBE performs a CUF when it is carrying out its responsibilities of its contract by actually performing, managing, and supervising the Work involved. The DBE must be responsible for negotiating price; determining quality and quantity; ordering the material, installing (where applicable); and paying for

the material itself. If a DBE does not perform “all” of these functions on a furnish-and-install contract, it has not performed a CUF and the cost of materials cannot be counted toward DBE COA Goal. Leasing of equipment from a leasing company is allowed. However, leasing/purchasing equipment from the Contractor is not allowed. Lease agreements shall be readily available for review by the Engineer.

In order for a DBE traffic control company to be considered to be performing a CUF, the DBE must be in control of its work inclusive of supervision. The DBE shall employ a Traffic Control Supervisor who is directly involved in the management and supervision of the traffic control employees and services.

The DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract, or project through which the funds are passed in order to obtain the appearance of DBE participation.

The following are some of the factors that the Engineer will use in determining whether a DBE trucking company is performing a CUF:

- • The DBE shall be responsible for the management and supervision of the entire trucking operation for which it is responsible on the Contract. The owner demonstrates business related knowledge, shows up on site and is determined to be actively running the business.
- 
- • The DBE shall with its own workforce, operate at least one fully licensed, insured, and operational truck used on the Contract. The drivers of the trucks owned and leased by the DBE must be exclusively employed by the DBE and reflected on the DBE’s payroll.
- 
- • Lease agreements for trucks shall indicate that the DBE has exclusive use of and control over the truck(s). This does not preclude the leased truck from working for others provided it is with the consent of the DBE and the lease provides the DBE absolute priority for use of the leased truck.
- 
- • Leased trucks shall display the name and identification number of the DBE.

### **Joint Checking**

A joint check is a check between a Subcontractor and the Contractor to the supplier of materials/supplies. The check is issued by the Contractor as payer to the Subcontractor and the material supplier jointly for items to be incorporated into the project. The DBE must release the check to the supplier, while the Contractor acts solely as the guarantor.

A joint check agreement must be approved by the Engineer and requested by the DBE involved using the DBE Joint Check Request Form (form # 272-053) prior to its use. The form must accompany the DBE Joint Check Agreement between the parties involved, including the conditions of the arrangement and expected use of the joint checks.

The approval to use joint checks and the use will be closely monitored by the Engineer. To receive DBE credit for performing a CUF with respect to obtaining materials and supplies, a DBE must “be responsible for negotiating price, determining quality and quantity, ordering the material and installing and paying for the material itself.” The Contractor shall submit DBE Joint Check Request Form for the Engineer approval prior to using a joint check.

Material costs paid by the Contractor directly to the material supplier is not allowed. If proper procedures are not followed or the Engineer determines that the arrangement results in lack of independence for the DBE involved, no DBE credit will be given for the DBE’s participation as it relates to the material cost.

**Prompt Payment**

Prompt payment to all subcontractors shall be in accordance with Section 1-08.1. Prompt Payment requirements apply to progress payments as well as return of retainage.

**Reporting**

The Contractor and all subcontractors/suppliers/service providers that utilize DBEs to perform work on the project, shall maintain appropriate records that will enable the Engineer to verify DBE participation throughout the life of the project.

Refer to Section 1-08.1 for additional reporting requirements associated with this Contract.

**Decertification**

When a DBE is “decertified” from the DBE program during the course of the Contract, the participation of that DBE shall continue to count as DBE participation as long as the subcontract with the DBE was executed prior to the decertification notice. The Contractor is obligated to substitute when a DBE does not have an executed subcontract agreement at the time of decertification.

**Consequences of Non-Compliance**

Each contract with a Contractor (and each subcontract the Contractor signs with a Subcontractor) must include the following assurance clause:

The Contractor, subrecipient, or Subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or

- (4) Disqualifying the Contractor from future bidding as non-responsible.

**Payment**

Compensation for all costs involved with complying with the conditions of this Specification and any other associated DBE requirements is included in payment for the associated Contract items of Work, except otherwise provided in the Specifications.

Section 1-07.11 is supplemented with the following:

(MAY 5, 2025)

Requirement for Affirmative Action to Ensure Equal Employment Opportunity

In accordance with 41 CFR § 60-4.2, the clauses contained in 1-4 below are required to be included in this Contract. Nothing in this contract alters the Contractor’s responsibility to comply with all applicable Federal regulations, including but not limited to 41 CFR part 60 as currently existing or later amended.

1. The Contractor's attention is called to the “Equal Opportunity Clause and the Standard Federal Equal Employment Opportunity Construction Contract Specifications” set forth herein.
2. The goals and timetables for minority and female participation set by the Office of Federal Contract Compliance Programs, expressed in percentage terms for the Contractor's aggregate work force in each construction craft and in each trade on all construction work in the covered area, are as follows:

Women - Statewide

<u>Timetable</u>	<u>Goal</u>
Until further notice	6.9%
<u>Minorities - by Standard Metropolitan Statistical Area (SMSA)</u>	
Spokane, WA:	
SMSA Counties:	
Spokane, WA	2.8
WA Spokane.	
Non-SMSA Counties	3.0
WA Adams; WA Asotin; WA Columbia; WA Ferry; WA Garfield; WA Lincoln, WA Pend Oreille; WA Stevens; WA Whitman.	
Richland, WA	
SMSA Counties:	
Richland Kennewick, WA	5.4
WA Benton; WA Franklin.	
Non-SMSA Counties	3.6
WA Walla Walla.	
Yakima, WA:	
SMSA Counties:	

Yakima, WA	9.7
WA Yakima.	
Non-SMSA Counties	7.2
WA Chelan; WA Douglas; WA Grant; WA Kittitas; WA Okanogan.	
Seattle, WA:	
SMSA Counties:	
Seattle Everett, WA	7.2
WA King; WA Snohomish.	
Tacoma, WA	6.2
WA Pierce.	
Non-SMSA Counties	6.1
WA Clallam; WA Grays Harbor; WA Island; WA Jefferson; WA Kitsap; WA Lewis; WA Mason; WA Pacific; WA San Juan; WA Skagit; WA Thurston; WA Whatcom.	
Portland, OR:	
SMSA Counties:	
Portland, OR-WA	4.5
WA Clark.	
Non-SMSA Counties	3.8
WA Cowlitz; WA Klickitat; WA Skamania; WA Wahkiakum.	

These goals are applicable to each nonexempt Contractor's total on-site construction workforce, regardless of whether or not part of that workforce is performing work on a Federal, or federally assisted project, contract, or subcontract until further notice. Compliance with these goals and timetables is enforced by the Office of Federal Contract compliance Programs.

The Contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required by the specifications set forth in 41 CFR 60-4.3(a), and its efforts to meet the goals. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, in each construction craft and in each trade, and the Contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor or from project to project for the sole purpose of meeting the Contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total work hours performed.

3. The Contractor shall provide written notification to the Office of Federal Contract Compliance Programs (OFCCP) within 10 working days of award of any construction subcontract in excess of \$10,000 or more that are Federally funded, at any tier for construction work under the contract resulting from this solicitation. The notification shall list the name, address and telephone number of the subcontractor; employer identification number of the subcontractor; estimated dollar amount of the subcontract; estimated starting and completion dates of the subcontract; and the geographical area in which the contract is to be performed. The notification shall be sent to:

U.S. Department of Labor

Office of Federal Contract Compliance Programs Pacific Region  
Attn: Regional Director  
San Francisco Federal Building  
90 – 7<sup>th</sup> Street, Suite 18-300  
San Francisco, CA 94103(415) 625-7800 Phone  
(415) 625-7799 Fax

4. As used in this Notice, and in the contract resulting from this solicitation, the Covered Area is as designated herein.

In accordance with 41 CFR § 60-4.3, the clauses contained in 1-15 below are required to be included in this Contract. Nothing in this Contract alters the Contractor's responsibility to comply with all applicable Federal regulations, including but not limited to 41 CFR part 60 as currently existing or later amended.

Standard Federal Equal Employment Opportunity Construction Contract Specifications

1. As used in these specifications:
  - a. "Covered Area" means the geographical area described in the solicitation from which this contract resulted;
  - b. "Director" means Director, Office of Federal Contract Compliance Programs, United States Department of Labor, or any person to whom the Director delegates authority;
  - c. "Employer Identification Number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941;
  - d. "Minority" includes:
    - (1) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);
    - (2) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central American, South American, or other Spanish culture or origin, regardless of race);
    - (3) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and
    - (4) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification.)
2. Whenever the Contractor, or any subcontractor at any tier, subcontracts a portion of the work involving any construction trade, it shall physically include in each subcontract in excess of \$10,000 the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this contract resulted.

3. If the Contractor is participating (pursuant to 41 CFR 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each Contractor or subcontractor participating in an approved Plan is individually required to comply with its obligations under the EEO clause, and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other Contractors or subcontractors toward a goal in an approved Plan does not excuse any covered Contractor's or subcontractor's failure to take good faith efforts to achieve the Plan goals and timetables.
4. The Contractor shall implement the specific affirmative action standards provided in paragraphs 7a through 7p of this Special Provision. The goals set forth in the solicitation from which this contract resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the covered area. Covered construction contractors performing construction work in geographical areas where they do not have a Federal or federally assisted construction contract shall apply the minority and female goals established for the geographical area where the work is being performed. The Contractor is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.
5. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the Contractor's obligations under these specifications, Executive Order 11246, or the regulations promulgated pursuant thereto.
6. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.
7. The Contractor shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the Contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:
  - a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractor's employees are assigned to work. The Contractor, where possible, will assign two or more women to each construction project. The Contractor shall specifically ensure that all foremen, superintendents, and other on-site supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.

- b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.
- c. Maintain a current file of the names, addresses and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the Contractor may have taken.
- d. Provide immediate written notification to the Director when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.
- e. Develop on-the-job training opportunity and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the U.S. Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under 7b above.
- f. Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where construction work is performed.
- g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decisions including specific review of these items with on-site supervisory personnel such as Superintendents, General Foremen, etc., prior to the initiation of construction work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.
- h. Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the Contractor's EEO policy with other Contractors and Subcontractors with whom the Contractor does or anticipates doing business.

- i. Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.
  - j. Encourage present minority and female employees to recruit other minority persons and women and where reasonable, provide after school, summer and vacation employment to minority and female youth both on the site and in other areas of a Contractor's work force.
  - k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR Part 60-3.
  - l. Conduct, at least annually, an inventory and evaluation of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.
  - m. Ensure that seniority practices, job classifications, work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations under these specifications are being carried out.
  - n. Ensure that all facilities and company activities are nonsegregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.
  - o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.
  - p. Conduct a review, at least annually, of all supervisors' adherence to and performance under the Contractor's EEO policies and affirmative action obligations.
8. Contractors are encouraged to participate in voluntary associations which assist in fulfilling one or more of their affirmative action obligations (7a through 7p). The efforts of a contractor association, joint contractor-union, contractor-community, or other similar group of which the Contractor is a member and participant, may be asserted as fulfilling any one or more of the obligations under 7a through 7p of this Special Provision provided that the Contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensure that the concrete benefits of the program are reflected in the Contractor's minority and female work-force participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrate the effectiveness of actions taken on behalf of the Contractor. The obligation to comply,

however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.

9. A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of the Executive Order if a particular group is employed in substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contractor may be in violation of the Executive Order if a specific minority group of women is underutilized).
10. The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, sexual orientation, gender identity, or national origin.
11. The Contractor shall not enter into any subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246.
12. The Contractor shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspensions, terminations and cancellations of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations, by the Office of Federal Contract Compliance Programs. Any Contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.
13. The Contractor, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph 7 of this Special Provision, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR 60-4.8.
14. The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the government and to keep records. Records shall at least include, for each employee, their name, address, telephone numbers, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g., mechanic, apprentice, trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, the Contractors will not be required to maintain separate records.
15. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

## **CONTRACTUAL REQUIREMENTS**

(NOVEMBER 25, 2024 APWA GSP)

Delete item 11 of the first paragraph of Section 1-07.11(2).

## **FEDERAL AGENCY INSPECTION**

(OCTOBER 3, 2023)

Section 1-07.12 is supplemented with the following:

### **Required Federal Aid Provisions**

The Required Contract Provisions Federal Aid Construction Contracts (FHWA 1273) Revised October 23, 2023 and the amendments thereto supersede any conflicting provisions of the Standard Specifications and are made a part of this Contract; provided, however, that if any of the provisions of FHWA 1273, as amended, are less restrictive than Washington State Law, then the Washington State Law shall prevail.

The provisions of FHWA 1273, as amended, included in this Contract require that the Contractor insert the FHWA 1273 and amendments thereto in each subcontract, together with the wage rates which are part of the FHWA 1273, as amended. Also, a clause shall be included in each subcontract requiring the subcontractors to insert the FHWA 1273 and amendments thereto in any lower tier subcontracts, together with the wage rates. The Contractor shall also ensure that this section, REQUIRED FEDERAL AID PROVISIONS, is inserted in each subcontract for subcontractors and lower tier subcontractors. For this purpose, upon request to the Engineer, the Contractor will be provided with extra copies of the FHWA 1273, the amendments thereto, the applicable wage rates, and this Special Provision.

## **UTILITIES AND SIMILAR FACILITIES**

Section 1-07.17 is supplemented with the following:

(OCTOBER 3, 2022)

Locations and dimensions shown in the Plans for existing facilities are in accordance with available information obtained without uncovering, measuring, or other verification.

Public and private utilities, or their Contractors, will furnish all work necessary to adjust, relocate, replace, or construct their facilities unless otherwise provided for in the Plans or these Special Provisions. Such adjustment, relocation, replacement, or construction will be done during the prosecution of the work for this project. It is anticipated that utility adjustment, relocation, replacement, or construction within the project limits will be completed as follows:

It is anticipated the utility companies will work in conjunction with the contractor's schedule to relocate the existing utility.

The Contractor shall attend a mandatory utility preconstruction meeting with the Engineer, all affected subcontractors, and all utility owners and their Contractors prior to beginning onsite work.

The following addresses and telephone numbers of utility companies or their Contractors that will be adjusting, relocating, replacing or constructing utilities within the project limits are supplied for the Contractor's use:

<b>Avista</b>	<b>Inland Power &amp; Light</b>	<b>Ziply Fiber</b>
5702 State Route 270	10110 W. Hallett Road	122 W "E" St
Pullman. WA 99163	Spokane, WA 99224	Moscow, ID 83843
509-336-6240	800-747-7151	208-882-0164

## **PUBLIC LIABILITY AND PROPERTY DAMAGE INSURANCE**

(JANUARY 4, 2024 APWA GSP)

Delete Section 1-07.18 in its entirety, and replace it with the following:

### **1-07.18 Insurance**

#### **1-07.18(1) General Requirements**

- A. The Contractor shall procure and maintain the insurance described in all subsections of section 1-07.18 of these Special Provisions, from insurers with a current A. M. Best rating of not less than A-: VII and licensed to do business in the State of Washington. The Contracting Agency reserves the right to approve or reject the insurance provided, based on the insurer's financial condition.
- B. The Contractor shall keep this insurance in force without interruption from the commencement of the Contractor's Work through the term of the Contract and for thirty (30) days after the Physical Completion date, unless otherwise indicated below.
- C. If any insurance policy is written on a claims-made form, its retroactive date, and that of all subsequent renewals, shall be no later than the effective date of this Contract. The policy shall state that coverage is claims made and state the retroactive date. Claims-made form coverage shall be maintained by the Contractor for a minimum of 36 months following the Completion Date or earlier termination of this Contract, and the Contractor shall annually provide the Contracting Agency with proof of renewal. If renewal of the claims made form of coverage becomes unavailable, or economically prohibitive, the Contractor shall purchase an extended reporting period ("tail") or execute another form of guarantee acceptable to the Contracting Agency to assure financial responsibility for liability for services performed.

- D. The Contractor's Automobile Liability, Commercial General Liability and Excess or Umbrella Liability insurance policies shall be primary and non-contributory insurance as respects the Contracting Agency's insurance, self-insurance, or self-insured pool coverage. Any insurance, self-insurance, or self-insured pool coverage maintained by the Contracting Agency shall be excess of the Contractor's insurance and shall not contribute with it.
- E. The Contractor shall provide the Contracting Agency and all additional insureds with written notice of any policy cancellation, within two business days of their receipt of such notice.
- F. The Contractor shall not begin work under the Contract until the required insurance has been obtained and approved by the Contracting Agency
- G. Failure on the part of the Contractor to maintain the insurance as required shall constitute a material breach of contract, upon which the Contracting Agency may, after giving five business days' notice to the Contractor to correct the breach, immediately terminate the Contract or, at its discretion, procure or renew such insurance and pay any and all premiums in connection therewith, with any sums so expended to be repaid to the Contracting Agency on demand, or at the sole discretion of the Contracting Agency, offset against funds due the Contractor from the Contracting Agency.
- H. All costs for insurance shall be incidental to and included in the unit or lump sum prices of the Contract and no additional payment will be made.
- I. Under no circumstances shall a wrap up policy be obtained, for either initiating or maintaining coverage, to satisfy insurance requirements for any policy required under this Section. A "wrap up policy" is defined as an insurance agreement or arrangement under which all the parties working on a specified or designated project are insured under one policy for liability arising out of that specified or designated project.

**1-07.18(2) Additional Insured**

All insurance policies, with the exception of Workers Compensation, and of Professional Liability and Builder's Risk (if required by this Contract) shall name the following listed entities as additional insured(s) using the forms or endorsements required herein:

- the Contracting Agency and its officers, elected officials, employees, agents, and volunteers

The above-listed entities shall be additional insured(s) for the full available limits of liability maintained by the Contractor, irrespective of whether such limits maintained by the Contractor are greater than those required by this Contract, and irrespective of whether the Certificate of Insurance provided by the Contractor pursuant to 1-07.18(4) describes limits lower than those maintained by the Contractor.

For Commercial General Liability insurance coverage, the required additional insured endorsements shall be at least as broad as ISO forms CG 20 10 10 01 for ongoing operations and CG 20 37 10 01 for completed operations.

**1-07.18(3) Subcontractors**

The Contractor shall cause each subcontractor of every tier to provide insurance coverage that complies with all applicable requirements of the Contractor-provided insurance as set forth herein, except the Contractor shall have sole responsibility for determining the limits of coverage required to be obtained by subcontractors.

The Contractor shall ensure that all subcontractors of every tier add all entities listed in 1-07.18(2) as additional insureds, and provide proof of such on the policies as required by that section as detailed in 1-07.18(2) using an endorsement as least as broad as ISO CG 20 10 10 01 for ongoing operations and CG 20 37 10 01 for completed operations.

Upon request by the Contracting Agency, the Contractor shall forward to the Contracting Agency evidence of insurance and copies of the additional insured endorsements of each subcontractor of every tier as required in 1-07.18(4) Verification of Coverage.

#### **1-07.18(4) Verification of Coverage**

The Contractor shall deliver to the Contracting Agency a Certificate(s) of Insurance and endorsements for each policy of insurance meeting the requirements set forth herein when the Contractor delivers the signed Contract for the work. Failure of Contracting Agency to demand such verification of coverage with these insurance requirements or failure of Contracting Agency to identify a deficiency from the insurance documentation provided shall not be construed as a waiver of Contractor's obligation to maintain such insurance.

Verification of coverage shall include:

1. An ACORD certificate or a form determined by the Contracting Agency to be equivalent.
2. Copies of all endorsements naming Contracting Agency and all other entities listed in 1-07.18(2) as additional insured(s), showing the policy number. The Contractor may submit a copy of any blanket additional insured clause from its policies instead of a separate endorsement.
3. Any other amendatory endorsements to show the coverage required herein.
4. A notation of coverage enhancements on the Certificate of Insurance shall not satisfy these requirements – actual endorsements must be submitted.

Upon request by the Contracting Agency, the Contractor shall forward to the Contracting Agency a full and certified copy of the insurance policy(s). If Builders Risk insurance is required on this Project, a full and certified copy of that policy is required when the Contractor delivers the signed Contract for the work.

#### **1-07.18(5) Coverages and Limits**

The insurance shall provide the minimum coverages and limits set forth below. Contractor's maintenance of insurance, its scope of coverage, and limits as required herein shall not be construed to limit the liability of the Contractor to the coverage provided by such insurance, or otherwise limit the Contracting Agency's recourse to any remedy available at law or in equity.

All deductibles and self-insured retentions must be disclosed and are subject to approval by the Contracting Agency. The cost of any claim payments falling within the deductible or self-insured retention shall be the responsibility of the Contractor. In the event an additional

insured incurs a liability subject to any policy's deductibles or self-insured retention, said deductibles or self-insured retention shall be the responsibility of the Contractor.

**1-07.18(5)A Commercial General Liability**

Commercial General Liability insurance shall be written on coverage forms at least as broad as ISO occurrence form CG 00 01, including but not limited to liability arising from premises, operations, stop gap liability, independent contractors, products-completed operations, personal and advertising injury, and liability assumed under an insured contract. There shall be no exclusion for liability arising from explosion, collapse or underground property damage.

The Commercial General Liability insurance shall be endorsed to provide a per project general aggregate limit, using ISO form CG 25 03 05 09 or an equivalent endorsement.

Contractor shall maintain Commercial General Liability Insurance arising out of the Contractor's completed operations for at least three years following Substantial Completion of the Work.

Such policy must provide the following minimum limits:

- \$2,000,000 Each Occurrence
- \$3,000,000 General Aggregate
- \$3,000,000 Products & Completed Operations Aggregate
- \$2,000,000 Personal & Advertising Injury each offence
- \$2,000,000 Stop Gap / Employers' Liability each accident

**1-07.18(5)B Automobile Liability**

Automobile Liability shall cover owned, non-owned, hired, and leased vehicles; and shall be written on a coverage form at least as broad as ISO form CA 00 01. If the work involves the transport of pollutants, the automobile liability policy shall include MCS 90 and CA 99 48 endorsements.

Such policy must provide the following minimum limit:

- \$1,000,000 Combined single limit each accident

**1-07.18(5)C Workers' Compensation**

The Contractor shall comply with Workers' Compensation coverage as required by the Industrial Insurance laws of the State of Washington.

**RIGHTS OF WAY**

(APRIL 22, 2025 APWA GSP)

Delete Section 1-07.24 and replace it with the following:

Street Right of Way lines, limits of easements, and limits of construction permits are indicated in the Plans. The Contractor's construction activities shall be confined within these limits unless arrangements for use of private property are made as described below.

Generally, the Contracting Agency will have obtained, prior to bid opening, all rights of way and easements, both permanent and temporary, necessary for carrying out the work.

Exceptions to this are noted in the Bid Documents or will be brought to the Contractor's attention by a duly issued Addendum.

Whenever any of the work is accomplished on or through property other than public Right of Way, the Contractor shall meet and fulfill all covenants and stipulations of any easement agreement obtained by the Contracting Agency from the owner of the private property. Copies of the easement agreements may be included in the Contract Provisions or made available to the Contractor as soon as practical after they have been obtained by the Engineer.

Whenever easements or rights of entry have not been acquired prior to advertising, these areas are so noted in the Plans. The Contractor shall not proceed with any portion of the work in areas where right of way, easements or rights of entry have not been acquired until the Engineer certifies to the Contractor that the right of way or easement is available or that the right of entry has been received. If the Contractor is delayed due to acts of omission on the part of the Contracting Agency in obtaining easements, rights of entry or right of way, the Contractor will be entitled to an extension of time. The Contractor agrees that such delay shall not be a breach of contract.

Each property owner shall be given 48 hours' notice prior to entry by the Contractor. This includes entry onto easements and private property where private improvements must be adjusted.

The Contractor shall be responsible for providing, without expense or liability to the Contracting Agency, any additional land and access thereto that the Contractor may desire for temporary construction facilities, storage of materials, or other Contractor needs. However, before using any private property, whether adjoining the work or not, the Contractor shall file with the Engineer a written permission of the private property owner, and, upon vacating the premises, a written release from the property owner of each property disturbed or otherwise interfered with by reasons of construction pursued under this contract. The statement shall be signed by the private property owner, or proper authority acting for the owner of the private property affected, stating that permission has been granted to use the property and all necessary permits have been obtained or, in the case of a release, that the restoration of the property has been satisfactorily accomplished. The statement shall include the parcel number, address, and date of signature. Written releases must be filed with the Engineer before the Completion Date will be established.

## **RAILROADS**

(OCTOBER 3, 2022)

Section 1-07.28 is supplemented with the following:

### **Additional Requirements for Working with the Railroad**

The term Railroad Company shall be understood to mean each of the following railroad companies:

The railroad spur crossing the north end of Hume Road is jointly owned by Wilbur-Ellis Co., PNW Cooperative and RMK Farms.

The Contractor shall keep the right of way and ditches of the Railroad Company open and clean from any deposits or debris resulting from its operations. The Contractor shall be

responsible for the cost to clean and restore ballast of the Railroad Company which is disturbed or becomes fouled with dirt or materials when such deposits or damage result from the Contractor's operations, except as provided elsewhere.

The Contractor shall cooperate with the Railroad Company and so conduct operations that the necessary reconstruction of its facilities and the removal of existing facilities can be accomplished without interruption of service.

## **PROSECUTION AND PROGRESS**

### **PRELIMINARY MATTERS**

(MAY 25, 2006 APWA GSP)

Add the following new section:

#### **1-08.0 Preliminary Matters**

### **PRECONSTRUCTION CONFERENCE**

(JULY 8, 2024 APWA GSP)

Add the following new Section 1-08.0(1):

Prior to the Contractor beginning the work, a preconstruction conference will be held between the Contractor, the Engineer and such other interested parties as may be invited. The purpose of the preconstruction conference will be:

1. To review the initial progress schedule;
2. To establish a working understanding among the various parties associated or affected by the work;
3. To establish and review procedures for progress payment, notifications, approvals, submittals, etc.;
4. To review DBE Requirements, Training Plans, and Apprenticeship Plans, when applicable.
5. To establish normal working hours for the work;
6. To review safety standards and traffic control; and
7. To discuss such other related items as may be pertinent to the work.

The Contractor shall prepare and submit at the preconstruction conference the following:

1. A breakdown of all lump sum items;
2. A preliminary schedule of working drawing submittals; and

3. A list of material sources for approval if applicable.

## **HOURS OF WORK**

(DECEMBER 8, 2014 APWA GSP)

Add the following new Section 1-08.0(2):

Except in the case of emergency or unless otherwise approved by the Engineer, the normal working hours for the Contract shall be any consecutive 8-hour period between 7:00 a.m. and 6:00 p.m. Monday through Friday, exclusive of a lunch break. If the Contractor desires different than the normal working hours stated above, the request must be submitted in writing prior to the preconstruction conference, subject to the provisions below. The working hours for the Contract shall be established at or prior to the preconstruction conference.

All working hours and days are also subject to local permit and ordinance conditions (such as noise ordinances).

If the Contractor wishes to deviate from the established working hours, the Contractor shall submit a written request to the Engineer for consideration. This request shall state what hours are being requested, and why. Requests shall be submitted for review no later than 3 days prior to the day(s) the Contractor is requesting to change the hours.

If the Contracting Agency approves such a deviation, such approval may be subject to certain other conditions, which will be detailed in writing. For example:

1. On non-Federal aid projects, requiring the Contractor to reimburse the Contracting Agency for the costs in excess of straight-time costs for Contracting Agency representatives who worked during such times. (The Engineer may require designated representatives to be present during the work. Representatives who may be deemed necessary by the Engineer include, but are not limited to: survey crews; personnel from the Contracting Agency's material testing lab; inspectors; and other Contracting Agency employees or third party consultants when, in the opinion of the Engineer, such work necessitates their presence.)
2. Considering the work performed on Saturdays, Sundays, and holidays as working days with regard to the contract time.
3. Considering multiple work shifts as multiple working days with respect to contract time even though the multiple shifts occur in a single 24-hour period.
4. If a 4-10 work schedule is requested and approved the non working day for the week will be charged as a working day.
5. If Davis Bacon wage rates apply to this Contract, all requirements must be met and recorded properly on certified payroll

## **SUBCONTRACTING**

(DECEMBER 30, 2022 APWA GSP, OPTION A)

Section 1-08.1 is supplemented with the following:

Prior to any subcontractor or lower tier subcontractor beginning work, the Contractor shall submit to the Engineer a certification (WSDOT Form 420-004) that a written agreement between the Contractor and the subcontractor or between the subcontractor and any lower tier subcontractor has been executed. This certification shall also guarantee that these subcontract agreements include all the documents required by the Special Provision Federal Agency Inspection.

A subcontractor or lower tier subcontractor will not be permitted to perform any work under the contract until the following documents have been completed and submitted to the Engineer:

1. Request to Sublet Work (WSDOT Form 421-012), and
2. Contractor and Subcontractor or Lower Tier Subcontractor Certification for Federal-aid Projects (WSDOT Form 420-004).

The Contractor shall submit to the Engineer a completed Monthly Retainage Report (WSDOT Form 272-065) within 15 calendar days after receipt of every monthly progress payment until every subcontractor and lower tier subcontractor's retainage has been released.

The Contractor's records pertaining to the requirements of this Special Provision shall be open to inspection or audit by representatives of the Contracting Agency during the life of the contract and for a period of not less than three years after the date of acceptance of the contract. The Contractor shall retain these records for that period. The Contractor shall also guarantee that these records of all subcontractors and lower tier subcontractors shall be available and open to similar inspection or audit for the same time period.

## **NOTICE TO PROCEED AND PROSECUTION OF THE WORK**

(JULY 23, 2015 APWA GSP)

Delete Section 1-08.4 and replace it with the following:

Notice to Proceed will be given after the contract has been executed and the contract bond and evidence of insurance have been approved and filed by the Contracting Agency. The Contractor shall not commence with the work until the Notice to Proceed has been given by the Engineer. The Contractor shall commence construction activities on the project site within ten days of the Notice to Proceed Date, unless otherwise approved in writing. The Contractor shall diligently pursue the work to the physical completion date within the time specified in the contract. Voluntary shutdown or slowing of operations by the Contractor shall not relieve the Contractor of the responsibility to complete the work within the time(s) specified in the contract.

When shown in the Plans, the first order of work shall be the installation of high visibility fencing to delineate all areas for protection or restoration, as described in the Contract. Installation of high visibility fencing adjacent to the roadway shall occur after the placement of all necessary signs and traffic control devices in accordance with 1-10.1(2). Upon construction of the fencing, the Contractor shall request the Engineer to inspect the fence. No other work

shall be performed on the site until the Contracting Agency has accepted the installation of high visibility fencing, as described in the Contract.

## **TIME FOR COMPLETION**

(MARCH 13, 1995)

Section 1-08.5 is supplemented with the following:

This project shall be physically completed within 100 working days.

(NOVEMBER 25, 2024 APWA GSP, OPTION B)

Revise the third and fourth paragraphs of Section 1-08.5 to read:

Contract time shall begin on the first working day following the 10th calendar day after the Notice to Proceed date. If the Contractor starts work on the project at an earlier date, then contract time shall begin on the first working day when onsite work begins.

Each working day shall be charged to the contract as it occurs, until the contract work is physically complete. If substantial completion has been granted and all the authorized working days have been used, charging of working days will cease. Each week the Engineer will provide the Contractor a statement that shows the number of working days: (1) charged to the contract the week before; (2) specified for the physical completion of the contract; and (3) remaining for the physical completion of the contract. The statement will also show the nonworking days and all partial or whole days the Engineer declares as unworkable. The statement will be identified as a Written Determination by the Engineer. If the Contractor does not agree with the Written Determination of working days, the Contractor shall pursue the protest procedures in accordance with Section 1-04.5. By failing to follow the procedures of Section 1-04.5, the Contractor shall be deemed as having accepted the statement as correct. If the Contractor is approved to work 10 hours a day and 4 days a week (a 4-10 schedule) and the fifth day of the week in which a 4-10 shift is worked would ordinarily be charged as a working day, then the fifth day of that week will be charged as a working day whether or not the Contractor works on that day.

Revise the sixth paragraph of Section 1-08.5 to read:

The Engineer will give the Contractor written notice of the completion date of the contract after all the Contractor's obligations under the contract have been performed by the Contractor. The following events must occur before the Completion Date can be established:

1. The physical work on the project must be complete; and
2. The Contractor must furnish all documentation required by the contract and required by law, to allow the Contracting Agency to process final acceptance of the contract. The following documents must be received by the Project Engineer prior to establishing a completion date:
  - a. Certified Payrolls (per Section 1-07.9(5)).
  - b. Material Acceptance Certification Documents

- c. Monthly Reports in DMCS of the amounts paid including the final payment confirmation to all firms required by Section 1-08.1(7)A if applicable
- d. Final Contract Voucher Certification
- e. Copies of the approved "Affidavit of Prevailing Wages Paid" for the Contractor and all subcontractors
- f. A copy of the Notice of Termination sent to the Washington State Department of Ecology (Ecology); the elapse of 30 calendar days from the date of receipt of the Notice of Termination by Ecology; and no rejection of the Notice of Termination by Ecology. This requirement will not apply if the Construction Stormwater General Permit is transferred back to the Contracting Agency in accordance with Section 8-01.3(16).
- g. Property owner releases per Section 1-07.24

## **LIQUIDATED DAMAGES**

(MARCH 3, 2021 APWA GSP, OPTION A)

Replace Section 1-08.9 with the following:

Time is of the essence of the Contract. Delays inconvenience the traveling public, obstruct traffic, interfere with and delay commerce, and increase risk to Highway users. Delays also cost tax payers undue sums of money, adding time needed for administration, engineering, inspection, and supervision.

Accordingly, the Contractor agrees:

1. To pay liquidated damages in the amount of \$750.00 for each working day beyond the number of working days established for Physical Completion, and
2. To authorize the Engineer to deduct these liquidated damages from any money due or coming due to the Contractor.

When the Contract Work has progressed to Substantial Completion as defined in the Contract, the Engineer may determine the Contract Work is Substantially Complete. The Engineer will notify the Contractor in writing of the Substantial Completion Date. For overruns in Contract time occurring after the date so established, liquidated damages identified above will not apply. For overruns in Contract time occurring after the Substantial Completion Date, liquidated damages shall be assessed on the basis of direct engineering and related costs assignable to the project until the actual Physical Completion Date of all the Contract Work. The Contractor shall complete the remaining Work as promptly as possible. Upon request by the Project Engineer, the Contractor shall furnish a written schedule for completing the physical Work on the Contract.

Liquidated damages will not be assessed for any days for which an extension of time is granted. No deduction or payment of liquidated damages will, in any degree, release the Contractor from further obligations and liabilities to complete the entire Contract.

## MEASUREMENT AND PAYMENT

### WEIGHING EQUIPMENT

#### General Requirements for Weighing Equipment

(NOVEMBER 10, 2014 WC GSP)

Section 1-09.2(1) is supplemented with the following:

All scales used shall be self-printing scales which will provide duplicate legible copies.

(NOVEMBER 25, 2024 APWA GSP, OPTION B)

Revise item 4 of the fifth paragraph of Section 1-09.2(1) to read:

4. Test results and scale weight records for each day's hauling operations are provided to the Engineer daily. Reporting shall utilize WSDOT form 422-027LP, Scaleman's Daily Report, unless the printed ticket contains the same information that is on the Scaleman's Daily Report Form. The scale operator must provide AM and/or PM tare weights for each truck on the printed ticket.

(JULY 8, 2024 APWA GSP, OPTION C)

Revise the sixth and seventh paragraph of Section 1-09.2(1) to read:

**Trucks and Tickets** – Each truck to be weighed shall bear a unique identification number. This number shall be legible and in plain view of the scale operator. The Contractor shall provide Electronic tickets or Physical tickets for all weighed materials. All Tickets shall, regardless of medium, at a minimum, contain the following information:

1. Date of haul;
2. Contract number;
3. Contract unit Bid item;
4. Unit of measure;
5. Identification number of hauling vehicle; and
6. Weight delivered:
  - a. Net weight in the case of batch and hopper scales.
  - b. Gross weight, tare (a.m. and p.m. minimum) and net weight in the case of platform scales (tare may be omitted if a tare beam is used).
  - c. Approximate load out weight in the case of belt conveyor scales.

Electronic-tickets shall be uploaded to the designated site so that they can be accessed by the material receiver at the material delivery point. Physical tickets shall be handed to the inspector at the delivery point at the time materials are delivered. The material delivery point is defined as the location where the material is incorporated into the permanent Work. The Contractor's representative shall make report summaries available to the Engineer's

designated receiver, not later than the end of shift, for reconciliation. Tickets for loads not verified as delivered will receive no pay.

## Measurement

(DECEMBER 30, 2022 APWA GSP)

Revise the first paragraph of Section 1-09.2(5) to read:

**Scale Verification Checks** – At the Engineer’s discretion, the Engineer may perform verification checks on the accuracy of each batch, hopper, or platform scale used in weighing contract items of Work.

(NOVEMBER 10, 2014 WC GSP)

Section 1-09.2(5) is supplemented with the following:

The Contractor shall provide original check-weight tickets for each scale verification check.

## PAYMENTS

(JULY 8, 2024 APWA GSP, OPTION A)

Supplement Section 1-09.9 with the following:

Lump sum item breakdowns are not required when the bid price for the lump sum item is less than \$20,000.

(JULY 8, 2024 APWA GSP, OPTION B)

Section 1-09.9 is revised to read:

Delete the fourth paragraph of Section 1-09.9 and replace it with the following:

Progress payments for completed work and material on hand will be based upon progress estimates prepared by the Engineer. A progress estimate cutoff date will be established at the preconstruction conference.

The initial progress estimate will be made not later than 30 days after the Contractor commences the work, and successive progress estimates will be made every month thereafter until the Completion Date. Progress estimates made during progress of the work are tentative, and made only for the purpose of determining progress payment. The progress estimates are subject to change at any time prior to the calculation of the Final Payment.

The value of the progress estimate will be the sum of the following:

1. Unit Price Items in the Bid Form — the approximate quantity of acceptable units of work completed multiplied by the unit price.
2. Lump Sum Items in the Bid Form — based on the approved Contractor’s lump sum breakdown for that item, or absent such a breakdown, based on the Engineer’s determination.
3. Materials on Hand — 100 percent of invoiced cost of material delivered to Job site or other storage area approved by the Engineer.

4. Change Orders — entitlement for approved extra cost or completed extra work as determined by the Engineer.

Progress payments will be made in accordance with the progress estimate less:

1. Retainage per Section 1-09.9(1), on non FHWA-funded projects;
2. The amount of Progress Payments previously made; and
3. Funds withheld by the Contracting Agency for disbursement in accordance with the Contract Documents.

Progress payments for work performed shall not be evidence of acceptable performance or an admission by the Contracting Agency that any work has been satisfactorily completed. The determination of payments under the contract will be final in accordance with Section 1-05.1.

### **Retainage**

(JUNE 27, 2011)

Section 1-09.9(1) content and title is deleted and replaced with the following:

### **Vacant**

### **TIME LIMITATION AND JURISDICTION**

(DECEMBER 30, 2022 APWA GSP)

Revise Section 1-09.11(3) to read:

For the convenience of the parties to the Contract it is mutually agreed by the parties that all claims or causes of action which the Contractor has against the Contracting Agency arising from the Contract shall be brought within 180 calendar days from the date of final acceptance (Section 1-05.12) of the Contract by the Contracting Agency; and it is further agreed that all such claims or causes of action shall be brought only in the Superior Court of the county where the Contracting Agency headquarters is located, provided that where an action is asserted against a county, RCW 36.01.050 shall control venue and jurisdiction. The parties understand and agree that the Contractor's failure to bring suit within the time period provided, shall be a complete bar to all such claims or causes of action. It is further mutually agreed by the parties that when claims or causes of action which the Contractor asserts against the Contracting Agency arising from the Contract are filed with the Contracting Agency or initiated in court, the Contractor shall permit the Contracting Agency to have timely access to all records deemed necessary by the Contracting Agency to assist in evaluating the claims or action.

### **ARBITRATION GENERAL**

(JANUARY 19, 2022 APWA GSP)

Revise the third paragraph of Section 1-09.13(3)A to read:

The Contracting Agency and the Contractor mutually agree to be bound by the decision of the arbitrator, and judgment upon the award rendered by the arbitrator may be entered in the

Superior Court of the county in which the Contracting Agency's headquarters is located, provided that where claims subject to arbitration are asserted against a county, RCW 36.01.050 shall control venue and jurisdiction of the Superior Court. The decision of the arbitrator and the specific basis for the decision shall be in writing. The arbitrator shall use the Contract as a basis for decisions.

## **VENUE FOR LITIGATION**

(DECEMBER 30, 2022 APWA GSP)

Revise Section 1-09.13(4) to read:

Litigation shall be brought in the Superior Court of the county in which the Contracting Agency's headquarters is located, provided that where claims are asserted against a county, RCW 36.01.050 shall control venue and jurisdiction of the Superior Court. It is mutually agreed by the parties that when litigation occurs, the Contractor shall permit the Contracting Agency to have timely access to all records deemed necessary by the Contracting Agency to assist in evaluating the claims or action.

## **TEMPORARY TRAFFIC CONTROL**

### **General**

(OCTOBER 3, 2022)

Section 1-10.2(1) is supplemented with the following:

The Traffic Control Supervisor shall be certified by one of the following:

# PROPOSAL

---

## Bidder

To: Board of County Commissioners, Whitman County Courthouse, Colfax, WA 99111

Commissioners:

The undersigned hereby certify that they have examined the location of HUME ROAD, C.R.P. No. 2000-3, FEDERAL AID No. STBGR-W381(001) as shown in the contract plans, and have read and thoroughly understand the plans, specifications and special provisions concerning the work described in this project.

The undersigned further understand the method by which payment will be made for said work, and hereby propose to undertake and complete the work described in this project, or as much thereof as can be completed with the monies available, in accordance with the said plans, specifications and special provisions and the following schedule of rates and prices:

### SCHEDULE OF ITEMS

NOTE: Unit prices for all items (unless filled in by Contracting Agency), all extensions, and total amount of bid shall be shown. All entries must be in legible figures (not words) and typed or entered in ink.

**Failure to return this Declaration as part of the bid proposal package will make the bid nonresponsive and ineligible for award.**

## **NON-COLLUSION DECLARATION**

**I, by signing the proposal, hereby declare, under penalty of perjury under the laws of the United States that the following statements are true and correct:**

1. That the undersigned person(s), firm, association or corporation has (have) not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the project for which this proposal is submitted.
2. **That by signing the signature page of this proposal, I am deemed to have signed and to have agreed to the provisions of this declaration.**

## **NOTICE TO ALL BIDDERS**

To report rigging activities call:

**1-800-424-9071**

The U.S. Department of Transportation (USDOT) operates the above toll-free "hotline" Monday through Friday, 8:00 a.m. to 5:00 p.m., eastern time. Anyone with knowledge of possible bid rigging, bidder collusion, or other fraudulent activities should use the "hotline" to report such activities.

The "hotline" is part of USDOT's continuing effort to identify and investigate highway construction contract fraud and abuse and is operated under the direction of the USDOT Inspector General. All information will be treated confidentially and caller anonymity will be respected.

# Local Agency Certification for Federal-Aid Contracts

**The prospective participant certifies by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:**

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

This certification is material representation of the fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each failure.

The prospective participant also agrees by submitting his or her bid or proposal that he or she shall require that the language of this certification be included in all lower tier subcontracts, which exceed \$100,000 and that all such subrecipients shall certify and disclose accordingly.

# Local Agency Subcontractor List

Prepared in compliance with RCW 39.30.060 as amended

## To Be Submitted with the Bid Proposal

Project Name \_\_\_\_\_

**Failure to list subcontractors with whom the bidder, if awarded the contract, will directly subcontract for performance of the work of structural steel installation, rebar installation, heating, ventilation and air conditioning, plumbing, as described in Chapter 18.106 RCW, and electrical, as described in Chapter 19.28 RCW or naming more than one subcontractor to perform the same work will result in your bid being non-responsive and therefore void.**

Subcontractor(s) with whom the bidder will directly subcontract that are proposed to perform the work of structural steel installation, rebar installation, heating, ventilation and air conditioning, plumbing, as described in Chapter 18.106 RCW, and electrical as described in Chapter 19.28 RCW must be listed below. The work to be performed is to be listed below the subcontractor(s) name.

**To the extent the Project includes one or more categories of work referenced in RCW 39.30.060, and no subcontractor is listed below to perform such work, the bidder certifies that the work will either (i) be performed by the bidder itself, or (ii) be performed by a lower tier subcontractor who will not contract directly with the bidder.**

**Note:**

- (1) This proposal form is not transferable and any alteration of the firm's name entered hereon without prior permission from the \_\_\_\_\_ will be cause for considering the proposal irregular and subsequent rejection of the bid.
- (2) Please refer to section 1-02.6 of the standard specifications, re: "Preparation of Proposal," or "Article 4" of the Instruction to Bidders for building construction jobs.

**SUBMIT THE  
ENCLOSED PROPOSAL  
BOND FORM WITH  
YOUR PROPOSAL.**

**USE OF OTHER FORMS  
MAY SUBJECT YOUR  
BID TO REJECTION.**

**NOTE: Use of other forms may limit  
the bond below an amount equal  
to five percent of the bid total.**

KNOW ALL MEN BY THESE PRESENTS, That we,

of \_\_\_\_\_ as principal, and the

a corporation duly organized under the laws of the state of \_\_\_\_\_, and

authorized to do business in the State of Washington, as surety, are held and firmly bound unto the State of Washington in the full and penal sum of five (5) percent of the total amount of the bid proposal of said principal for the work hereinafter described, for the payment of which, well and truly to be made, we bind our heirs, executors, administrators and assigns, and successors and assigns, firmly by these presents.

The condition of this bond is such, that whereas the principal herein is herewith submitting his or its sealed proposal for the following highway construction, to wit:

said bid and proposal, by reference thereto, being made a part hereof.

NOW, THEREFORE, If the said proposal bid by said principal be accepted, and the contract be awarded to said principal, and if said principal shall duly make and enter into and execute said contract and shall furnish bond as required by the \_\_\_\_\_ within a period of twenty (20) days from and after said award, exclusive of the day of such award, then this obligation shall be null and void, otherwise it shall remain and be in full force and effect.

IN TESTIMONY WHEREOF, The principal and surety have caused these presents to be signed and sealed this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_.

Washington State Prevailing Wage

The PREVAILING WAGES listed here include both the hourly wage rate and the hourly rate of fringe benefits. On public works projects, worker's wage and benefit rates must add to not less than this total. A brief description of overtime calculation requirements are provided on the Benefit Code Key.

Journey Level Prevailing Wage Rates for the Effective Date: 11/24/2025

**Whitman County**

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Asbestos Abatement Workers	Journey Level	\$54.18	7B	1M	8Z
Boilermakers	Journey Level	\$77.39	5N	1C	
Brick Mason	Journey Level	\$61.09	5A	1M	
Building Service Employees	Janitor	\$16.66		1	
Building Service Employees	Shampooer	\$16.66		1	
Building Service Employees	Waxer	\$16.66		1	
Building Service Employees	Window Cleaner	\$16.66		1	
Cabinet Makers (In Shop)	Journey Level	\$16.66		1	
Carpenters	Acoustical Worker	\$61.49	7E	4X	8N
Carpenters	Bridge, Dock & Wharf Carpenter	\$65.49	7E	4X	9E
Carpenters	Floor Layer & Floor Finisher	\$61.49	7E	4X	8N
Carpenters	Form Builder	\$61.49	7E	4X	8N
Carpenters	General Carpenter	\$61.49	7E	4X	8N
Carpenters	Heavy Construction Carpenter	\$65.49	7E	4X	9E
Carpenters	Scaffold/Shoring Erecting & Dismantling	\$65.49	7E	4X	8N
Cement Masons	Journey Level	\$58.03	7B	1N	
Divers & Tenders	Assistant Tender	\$68.04	7E	4X	8J
Divers & Tenders	Bell/Vehicle or Submersible Operator Not Under Pressure	\$72.52	7E	4X	8J
Divers & Tenders	Dive Supervisors	\$129.26	7E	4X	
Divers & Tenders	Diver	\$127.76	7E	4X	8I
Divers & Tenders	Diver on Standby	\$72.52	7E	4X	8J
Divers & Tenders	Diver Tender	\$71.52	7E	4X	8J
Divers & Tenders	Diving Master	\$85.07	7E	4X	8J
Divers & Tenders	Manifold Operator	\$71.52	7E	4X	8J
Divers & Tenders	Manifold Operator Mixed Gas	\$75.52	7E	4X	8J
Divers & Tenders	Remote Operated Vehicle Operator	\$71.52	7E	4X	8J
Divers & Tenders	Remote Operated Vehicle Tender/Technician	\$68.04	7E	4X	8J
Dredge Workers	Assistant Engineer	\$89.47	5D	3F	
Dredge Workers	Assistant Mate (Deckhand)	\$88.78	5D	3F	
Dredge Workers	Boatmen	\$89.47	5D	3F	
Dredge Workers	Engineer Welder	\$91.20	5D	3F	
Dredge Workers	Leverman, Hydraulic	\$93.03	5D	3F	

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Dredge Workers	Mates	\$89.47	5D	3F	
Dredge Workers	Oiler	\$88.78	5D	3F	
Drywall Applicator	Journey Level	\$62.26	15O	11S	
Drywall Tapers	Journey Level	\$62.26	15O	11S	
Electrical Fixture Maintenance Workers	Journey Level	\$16.66		1	
Electricians - Inside	Journeyman	\$69.31	7G	1E	
Electricians - Motor Shop	Craftsman	\$16.66		1	
Electricians - Motor Shop	Journey Level	\$16.66		1	
Electricians - Powerline Construction	Cable Splicer	\$102.42	5A	4D	
Electricians - Powerline Construction	Certified Line Welder	\$93.99	5A	4D	
Electricians - Powerline Construction	Groundperson	\$59.30	5A	4D	
Electricians - Powerline Construction	Heavy Line Equipment Operator	\$93.99	5A	4D	
Electricians - Powerline Construction	Journey Level Lineperson	\$93.99	5A	4D	
Electricians - Powerline Construction	Line Equipment Operator	\$80.96	5A	4D	
Electricians - Powerline Construction	Meter Installer	\$59.30	5A	4D	8W
Electricians - Powerline Construction	Pole Sprayer	\$93.99	5A	4D	
Electricians - Powerline Construction	Powderperson	\$69.84	5A	4D	
Electronic Technicians	Journey Level	\$59.56	5I	1B	
Elevator Constructors	Mechanic	\$115.14	7D	4A	
Elevator Constructors	Mechanic In Charge	\$124.53	7D	4A	
Fabricated Precast Concrete Products	Journey Level	\$16.66		1	
Fabricated Precast Concrete Products	Journey Level - In-Factory Work Only	\$16.66		1	
Fence Erectors	Fence Erector	\$54.18	7B	1M	8Z
Flaggers	Journey Level	\$51.08	7B	1M	8Z
Glaziers	Journey Level	\$48.20	7L	4L	
Heat & Frost Insulators And Asbestos Workers	Journey Level	\$68.80	5K	1U	
Heating Equipment Mechanics	Journey Level	\$77.38	6Z	1B	
Hod Carriers & Mason Tenders	Journey Level	\$55.34	7B	1M	8Z
Industrial Power Vacuum Cleaner	Journey Level	\$16.66		1	
Inland Boatmen	Journey Level	\$16.66		1	

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Inspection/Cleaning/Sealing Of Sewer & Water Systems By Remote Control	Cleaner Operator, Foamer Operator	\$16.66		1	
Inspection/Cleaning/Sealing Of Sewer & Water Systems By Remote Control	Grout Truck Operator	\$16.66		1	
Inspection/Cleaning/Sealing Of Sewer & Water Systems By Remote Control	Head Operator	\$16.66		1	
Inspection/Cleaning/Sealing Of Sewer & Water Systems By Remote Control	Technician	\$16.66		1	
Inspection/Cleaning/Sealing Of Sewer & Water Systems By Remote Control	Tv Truck Operator	\$16.66		1	
Insulation Applicators	Journey Level	\$61.49	7E	4X	8N
Ironworkers	Journeyman	\$76.44	15K	11N	
Laborers	Air And Hydraulic Track Drill	\$54.85	7B	1M	8Z
Laborers	Asphalt Raker	\$54.85	7B	1M	8Z
Laborers	Asphalt Roller, Walking	\$54.51	7B	1M	8Z
Laborers	Brick Pavers	\$54.18	7B	1M	8Z
Laborers	Brush Hog Feeder	\$54.18	7B	1M	8Z
Laborers	Brush Machine	\$54.85	7B	1M	8Z
Laborers	Caisson Worker, Free Air	\$54.85	7B	1M	8Z
Laborers	Carpenter Tender	\$54.18	7B	1M	8Z
Laborers	Cement Finisher Tender	\$54.85	7B	1M	8Z
Laborers	Cement Handler	\$54.85	7B	1M	8Z
Laborers	Chain Saw Operator & Faller	\$54.85	7B	1M	8Z
Laborers	Clean-up Laborer	\$54.18	7B	1M	8Z
Laborers	Compaction Equipment	\$54.51	7B	1M	8Z
Laborers	Concrete Crewman	\$54.85	7B	1M	8Z
Laborers	Concrete Saw, Walking	\$54.85	7B	1M	8Z
Laborers	Concrete Signalman	\$54.85	7B	1M	8Z
Laborers	Concrete Stack	\$54.85	7B	1M	8Z
Laborers	Confined Space Attendant	\$54.18	7B	1M	8Z
Laborers	Construction Specialist	\$55.06	7B	1M	8Z
Laborers	Crusher Feeder	\$54.18	7B	1M	8Z
Laborers	Demolition	\$54.18	7B	1M	8Z
Laborers	Demolition Torch	\$54.51	7B	1M	8Z
Laborers	Dope Pot Fireman, Non-mechanical	\$54.51	7B	1M	8Z
Laborers	Driller Helper (when Required To Move & Position Machine)	\$54.51	7B	1M	8Z
Laborers	Drills With Dual Masts	\$55.19	7B	1M	8Z
Laborers	Dry Stack Walls	\$54.18	7B	1M	8Z
Laborers	Dumpman	\$54.18	7B	1M	8Z
Laborers	Erosion Control Laborer	\$54.18	7B	1M	8Z
Laborers	Firewatch	\$54.18	7B	1M	8Z
Laborers	Form Cleaning Machine Feeder, Stacker	\$54.18	7B	1M	8Z

Trade	Job Classification	Wage	Holiday	Overtime	Notes

Laborers	Grade Checker	\$57.26	7B	1M	8Z
Laborers	Grout Machine Header Tender	\$54.18	7B	1M	8Z
Laborers	Guard Rail	\$54.18	7B	1M	8Z
Laborers	Gunite	\$54.85	7B	1M	8Z
Laborers	Hazardous Waste Worker (level A)	\$55.19	7B	1M	8Z
Laborers	Hazardous Waste Worker (level B)	\$54.85	7B	1M	8Z
Laborers	Hazardous Waste Worker (level C)	\$54.51	7B	1M	8Z
Laborers	Hazardous Waste Worker (level D)	\$54.18	7B	1M	8Z
Laborers	Hdpe Or Similar Liner Installer	\$54.18	7B	1M	8Z
Laborers	High Scaler	\$54.85	7B	1M	8Z
Laborers	Industrial Technician	\$74.20	7B	1M	8Z
Laborers	Jackhammer Operator Miner, Class b <sup>™</sup>	\$54.51	7B	1M	8Z
Laborers	Laser Beam Operator	\$54.85	7B	1M	8Z
Laborers	Miner, Class a <sup>™</sup>	\$54.18	7B	1M	8Z
Laborers	Miner, Class c <sup>™</sup>	\$54.85	7B	1M	8Z
Laborers	Miner, Class d <sup>™</sup>	\$55.19	7B	1M	8Z
Laborers	Monitor Operator, Air Track Or Similar Mounting	\$54.85	7B	1M	8Z
Laborers	Mortar Mixer	\$54.85	7B	1M	8Z
Laborers	Nipper	\$54.18	7B	1M	8Z
Laborers	Nozzleman	\$54.85	7B	1M	8Z
Laborers	Nozzleman, Water (to Include Fire Hose), Air Or Steam	\$54.51	7B	1M	8Z
Laborers	Pavement Breaker, 90 Lbs. & Over	\$54.85	7B	1M	8Z
Laborers	Pavement Breaker, Under 90 Lbs.	\$54.51	7B	1M	8Z
Laborers	Pilot Car	\$51.08	7B	1M	8Z
Laborers	Pipelayer	\$54.85	7B	1M	8Z
Laborers	Pipelayer, Corrugated Metal Culvert And Multi-Plate	\$54.85	7B	1M	8Z
Laborers	Pipewrapper	\$54.85	7B	1M	8Z
Laborers	Plaster Tenders	\$54.85	7B	1M	8Z
Laborers	Pot Tender	\$54.51	7B	1M	8Z
Laborers	Powderman	\$56.86	7B	1M	8Z
Laborers	Powderman Helper	\$54.51	7B	1M	8Z
Laborers	Power Buggy Operator	\$54.51	7B	1M	8Z
Laborers	Power Tool Operator, Gas, Electric, Pneumatic	\$54.51	7B	1M	8Z
Laborers	Rad-Con Technician	\$74.20	7B	1M	8Z
Laborers	Railroad Equipment, Power Driven, Except Dual Mobile	\$54.51	7B	1M	8Z
Laborers	Railroad Power Spiker Or Puller, Dual Mobile	\$54.51	7B	1M	8Z
Laborers	Remote Equipment Operator	\$55.19	7B	1M	8Z
Laborers	Remote Equipment Operator (i.e Compaction And Demolition)	\$54.51	7B	1M	8Z
Laborers	Rigger/signal Person	\$54.51	7B	1M	8Z

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Laborers	Riprap Person	\$54.18	7B	1M	8Z
Laborers	Rodder & Spreader	\$54.85	7B	1M	8Z
Laborers	Sand Hogs Under Compressed Air Conditions	\$322.27	7B	1M	8Z
Laborers	Sandblast Tailhoseman	\$54.18	7B	1M	8Z
Laborers	Scaffold Erector, Wood Or Steel	\$54.18	7B	1M	8Z
Laborers	Scaleman	\$51.08	7B	1M	8Z
Laborers	Stake Jumper	\$54.18	7B	1M	8Z
Laborers	Structural Mover	\$54.18	7B	1M	8Z
Laborers	Tailhoseman (water Nozzle)	\$54.18	7B	1M	8Z
Laborers	Timber Bucker & Faller (by Hand)	\$54.18	7B	1M	8Z

Laborers	Truck Loader	\$54.18	7B	1M	8Z
Laborers	Truck Mounted Attenuator	\$51.08	7B	1M	8Z
Laborers	Tugger Operator	\$54.51	7B	1M	8Z
Laborers	Vibrators, All	\$54.85	7B	1M	8Z
Laborers	Wagon Drills	\$54.51	7B	1M	8Z
Laborers	Water Pipe Liner	\$54.51	7B	1M	8Z
Laborers	Welder, Electrical, Manual Or Automatic (hdpe Or Similar Pipe And Liner)	\$55.19	7B	1M	8Z
Laborers	Well-point Person	\$54.18	7B	1M	8Z
Laborers	Wheelbarrow, Power Driven	\$54.51	7B	1M	8Z
Laborers	Window Washer, Cleaner	\$51.08	7B	1M	8Z
Laborers - Underground Sewer & Water	General Laborer & Topman	\$54.85	7B	1M	8Z
Laborers - Underground Sewer & Water	Pipe Layer	\$54.85	7B	1M	8Z
Landscape Construction	Landscape Laborer	\$51.08	7B	1M	8Z
Landscape Construction	Landscape Operator	\$59.63	7Z	4S	9A
Landscape Maintenance	Groundskeeper	\$16.66		1	
Lathers	Journey Level	\$62.26	15O	11S	
Marble Setters	Journey Level	\$61.09	5A	1M	
Metal Fabrication (In Shop)	Fitter	\$16.66		1	
Metal Fabrication (In Shop)	Laborer	\$16.66		1	
Metal Fabrication (In Shop)	Machine Operator	\$16.66		1	
Metal Fabrication (In Shop)	Painter	\$16.66		1	
Metal Fabrication (In Shop)	Welder	\$16.66		1	
Millwright	Journey Level	\$82.50	5A	1B	
Modular Buildings	Journey Level	\$16.66		1	
Painters	Commercial Painter	\$49.90	6Z	1W	
Painters	Industrial Painter	\$57.22	6Z	1W	9D
Pile Driver	Journey Level	\$67.09	7E	4X	8N
Plasterers	Journey Level	\$57.71	7K	1N	

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Playground & Park Equipment Installers	Journey Level	\$16.66		1	
Plumbers & Pipefitters	Journey Level	\$100.41	6Z	1Q	
Power Equipment Operators	A-frame Truck (2 Or More Drums)	\$59.44	7Z	4S	9A
Power Equipment Operators	A-frame Truck (single Drum)	\$58.73	7Z	4S	9A
Power Equipment Operators	All Tower Cranes	\$64.09	7Z	4S	9A
Power Equipment Operators	Asphalt Plant Operator	\$60.14	7Z	4S	9A
Power Equipment Operators	Assistant Plant Operator, Fireman Or Pugmixer (asphalt)	\$58.73	7Z	4S	9A
Power Equipment Operators	Assistant Refrigeration Plant & Chiller Operator (over 1000 Ton)	\$59.44	7Z	4S	9A
Power Equipment Operators	Assistant Refrigeration Plant (under 1000 Ton)	\$58.73	7Z	4S	9A
Power Equipment Operators	Automatic Subgrader (ditches & Trimmers)	\$60.14	7Z	4S	9A
Power Equipment Operators	Backfillers (cleveland & Similar)	\$59.44	7Z	4S	9A
Power Equipment Operators	Backhoe & Hoe Ram (under 3/4 Yd.)	\$59.82	7Z	4S	9A
Power Equipment Operators	Backhoe (45,000 Gw & Under)	\$59.82	7Z	4S	9A
Power Equipment Operators	Backhoe (45,000 Gw To 110,000 Gw)	\$60.14	7Z	4S	9A
Power Equipment Operators	Backhoe (over 110,000 Gw)	\$60.46	7Z	4S	9A
Power Equipment Operators	Backhoes & Hoe Ram (3 Yds & Over)	\$60.46	7Z	4S	9A
Power Equipment Operators	Backhoes & Hoe Ram (3/4 Yd. To 3 Yd.)	\$60.14	7Z	4S	9A
Power Equipment Operators	Bagley Or Stationary Scraper	\$58.73	7Z	4S	9A
Power Equipment Operators	Batch & Wet Mix Operator (multiple Units, 2 & Incl. 4)	\$60.14	7Z	4S	9A
Power Equipment Operators	Batch Plant & Wet Mix Operator, Single Unit (concrete)	\$59.44	7Z	4S	9A
Power Equipment Operators	Batch Plant (over 4 Units)	\$60.14	7Z	4S	9A
Power Equipment Operators	Belt Finishing Machine	\$58.73	7Z	4S	9A
Power Equipment Operators	Belt Loader (kocal Or Similar)	\$59.44	7Z	4S	9A
Power Equipment Operators	Belt-crete Conveyors With Power Pack Or Similar	\$59.44	7Z	4S	9A
Power Equipment Operators	Bending Machine	\$59.44	7Z	4S	9A
Power Equipment Operators	Bit Grinders	\$58.36	7Z	4S	9A
Power Equipment Operators	Blade (finish & Bluetop), Automatic, Cmi, Abc, Finish Athey & Huber & Similar When Used As Automatic	\$60.46	7Z	4S	9A
Power Equipment Operators	Blade Operator (motor Patrol & Attachments)	\$60.14	7Z	4S	9A
Power Equipment Operators	Blower Operator (cement)	\$58.73	7Z	4S	9A
Power Equipment Operators	Boat Operator	\$58.36	7Z	4S	9A
Power Equipment Operators	Bob Cat (skid Steer)	\$59.44	7Z	4S	9A
Power Equipment Operators	Bolt Threading Machine	\$58.36	7Z	4S	9A
Power Equipment Operators	Boom Cats (side)	\$60.14	7Z	4S	9A
Power Equipment Operators	Boring Machine (earth)	\$59.44	7Z	4S	9A
Power Equipment Operators	Boring Machine (Rock Under 8 inch Bit - Quarry Master, Joy Or Similar)	\$59.44	7Z	4S	9A
Power Equipment Operators	Bump Cutter (wayne, Saginaw Or Similar)	\$59.44	7Z	4S	9A
Power Equipment Operators	Cableway Controller (dispatcher)	\$60.14	7Z	4S	9A

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Power Equipment Operators	Cableway Operators	\$60.46	7Z	4S	9A
Power Equipment Operators	Canal Lining Machine (concrete)	\$59.44	7Z	4S	9A
Power Equipment Operators	Carrydeck & Boom Truck (under 25 Tons)	\$59.82	7Z	4S	9A
Power Equipment Operators	Cement Hog	\$58.73	7Z	4S	9A
Power Equipment Operators	Chipper (Without Crane)	\$59.44	7Z	4S	9A
Power Equipment Operators	Clamshell, Dragline	\$62.33	7Z	4S	9A
Power Equipment Operators	Cleaning & Doping Machine (Pipeline)	\$59.44	7Z	4S	9A
Power Equipment Operators	Compactor (self-propelled With Blade)	\$60.14	7Z	4S	9A
Power Equipment Operators	Compressor (2000 Cfm Or Over, 2 Or More, Gas Diesel Or Electric Power)	\$58.73	7Z	4S	9A
Power Equipment Operators	Compressors (under 2000 Cfm, Gas, Diesel Or Electric Power)	\$58.36	7Z	4S	9A
Power Equipment Operators	Concrete Cleaning / Decontamination Machine Operator	\$60.46	7Z	4S	9A
Power Equipment Operators	Concrete Pump Boom Truck	\$60.14	7Z	4S	9A
Power Equipment Operators	Concrete Pumps (squeeze-crete, Flow-crete, Whitman & Similar)	\$59.63	7Z	4S	9A
Power Equipment Operators	Concrete Saw (multiple Cut)	\$58.73	7Z	4S	9A
Power Equipment Operators	Concrete Slip Form Paver	\$60.14	7Z	4S	9A
Power Equipment Operators	Conveyor Aggregate Delivery Systems (c.a.d.)	\$60.14	7Z	4S	9A
Power Equipment Operators	Crane Oiler & Cable Tender, Mucking Machine	\$58.36	7Z	4S	9A
Power Equipment Operators	Crane Oiler - Driver (cdl Required)	\$58.73	7Z	4S	9A
Power Equipment Operators	Cranes (100 to 299 Tons) All Attachments	\$63.26	7Z	4S	9A
Power Equipment Operators	Cranes (25 Tons & Under), All Attachments Incl. Clamshell, Dragline	\$59.82	7Z	4S	9A
Power Equipment Operators	Cranes (25 Tons To And Including 44 Tons), All Attachments Incl. Clamshell, Dragline	\$60.14	7Z	4S	9A
Power Equipment Operators	Cranes (300 Tons and Over) All Attachments	\$64.09	7Z	4S	9A
Power Equipment Operators	Cranes (45 Tons To 55 Tons), All Attachments Incl. Clamshell And Dragline	\$60.46	7Z	4S	9A
Power Equipment Operators	Cranes (56 to 99 tons) and overhead, rail and Quick Tower. All attachment incl. Clamshell, Dragline	\$62.33	7Z	4S	9A
Power Equipment Operators	Crusher Feeder	\$58.36	7Z	4S	9A
Power Equipment Operators	Crusher, Grizzle & Screening Plant Operator	\$60.14	7Z	4S	9A
Power Equipment Operators	Curb Extruder (asphalt Or Concrete)	\$59.63	7Z	4S	9A
Power Equipment Operators	Deck Engineer	\$59.44	7Z	4S	9A
Power Equipment Operators	Deck Hand	\$58.36	7Z	4S	9A
Power Equipment Operators	Derricks & Stifflegs (65 Tons & Over)	\$60.46	7Z	4S	9A
Power Equipment Operators	Derricks & Stifflegs (under 65 Tons)	\$59.82	7Z	4S	9A
Power Equipment Operators	Distributor Leverman	\$58.73	7Z	4S	9A
Power Equipment Operators	Ditch Witch Or Similar	\$58.73	7Z	4S	9A
Power Equipment Operators	Dope Pots (power Agitated)	\$58.73	7Z	4S	9A

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Power Equipment Operators	Dozer / Tractor (up To D-5 Or Equivalent) And Traxcavator	\$59.44	7Z	4S	9A
Power Equipment Operators	Dozer / Tractors (d-6 & Equivalent & Over)	\$60.14	7Z	4S	9A
Power Equipment Operators	Dozer, 834 R/t & Similar	\$60.14	7Z	4S	9A
Power Equipment Operators	Drill Doctor	\$60.14	7Z	4S	9A
Power Equipment Operators	Driller Licensed	\$62.33	7Z	4S	9A
Power Equipment Operators	Drillers Helper	\$58.36	7Z	4S	9A
Power Equipment Operators	Drilling Equipment (8 inch Bit & Over - Robbins, Reverse Circulation & Similar)	\$59.82	7Z	4S	9A
Power Equipment Operators	Drills (chum, Core, Calyx Or Diamond)	\$59.63	7Z	4S	9A
Power Equipment Operators	Elevating Belt (holland Type)	\$60.46	7Z	4S	9A
Power Equipment Operators	Elevating Belt-type Loader (euclid, Barber Green & Similar)	\$59.44	7Z	4S	9A
Power Equipment Operators	Elevating Grader-type Loader (dumor, Adams Or Similar)	\$59.44	7Z	4S	9A
Power Equipment Operators	Elevator Hoisting Materials	\$58.73	7Z	4S	9A
Power Equipment Operators	Equipment Serviceman, Greaser & Oiler	\$59.63	7Z	4S	9A
Power Equipment Operators	Fireman & Heater Tender	\$58.36	7Z	4S	9A
Power Equipment Operators	Fork Lift Or Lumber Stack, Hydra-life & Similar	\$58.73	7Z	4S	9A
Power Equipment Operators	Generator Plant Engineers (diesel Or Electric)	\$59.44	7Z	4S	9A
Power Equipment Operators	Gin Trucks (pipeline)	\$58.73	7Z	4S	9A
Power Equipment Operators	Grade Checker	\$59.82	7Z	4S	9A
Power Equipment Operators	Gunite Combination Mixer & Compressor	\$59.44	7Z	4S	9A
Power Equipment Operators	H.d. Mechanic	\$60.46	7Z	4S	9A
Power Equipment Operators	H.d. Welder	\$60.46	7Z	4S	9A
Power Equipment Operators	Heavy Equipment Robotics Operator	\$60.46	7Z	4S	9A
Power Equipment Operators	Helicopter Pilot	\$62.33	7Z	4S	9A
Power Equipment Operators	Helper, Mechanic Or Welder, H.D	\$58.36	7Z	4S	9A
Power Equipment Operators	Hoe Ram	\$59.82	7Z	4S	9A
Power Equipment Operators	Hoist (2 Or More Drums Or Tower Hoist)	\$59.63	7Z	4S	9A
Power Equipment Operators	Hoist, Single Drum	\$58.73	7Z	4S	9A
Power Equipment Operators	Hydraulic Platform Trailers (goldhofer, Shaurerly And Similar)	\$60.46	7Z	4S	9A
Power Equipment Operators	Hydro-seeder, Mulcher, Nozzleman	\$58.36	7Z	4S	9A
Power Equipment Operators	Lime Batch Tank Operator (recycle Train)	\$60.14	7Z	4S	9A
Power Equipment Operators	Lime Brain Operator (recycle Train)	\$60.14	7Z	4S	9A
Power Equipment Operators	Loader (360 Degrees Revolving Koehring Scooper Or Similar)	\$60.46	7Z	4S	9A
Power Equipment Operators	Loader Operator (front-end & Overhead, 4 Yds. Incl. 8 Yds.)	\$60.14	7Z	4S	9A
Power Equipment Operators	Loaders (bucket Elevators And Conveyors)	\$58.73	7Z	4S	9A
Power Equipment Operators	Loaders (overhead & Front-end, Over 8 Yds.)	\$60.46	7Z	4S	9A
Power Equipment Operators	Loaders (overhead & Front-end, Under 4 Yds.. R/t)	\$59.63	7Z	4S	9A

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Power Equipment Operators	Loaders (overhead And Front-end, 10 Yds. & Over)	\$62.33	7Z	4S	9A
Power Equipment Operators	Locomotive Engineer	\$59.44	7Z	4S	9A
Power Equipment Operators	Longitudinal Float	\$58.73	7Z	4S	9A
Power Equipment Operators	Master Environmental Maintenance Technician	\$60.46	7Z	4S	9A
Power Equipment Operators	Mixer (portable - Concrete)	\$58.73	7Z	4S	9A
Power Equipment Operators	Mixermobile	\$59.44	7Z	4S	9A
Power Equipment Operators	Mobile Crusher Operator (recycle Train)	\$60.14	7Z	4S	9A
Power Equipment Operators	Mucking Machine	\$59.44	7Z	4S	9A
Power Equipment Operators	Multiple Dozer Units With Single Blade	\$60.14	7Z	4S	9A
Power Equipment Operators	Pavement Breaker, Hydra-hammer & Similar	\$58.73	7Z	4S	9A
Power Equipment Operators	Paving (dual Drum)	\$59.82	7Z	4S	9A
Power Equipment Operators	Paving Machine (asphalt And Concrete)	\$60.14	7Z	4S	9A
Power Equipment Operators	Piledriving Engineers	\$59.82	7Z	4S	9A
Power Equipment Operators	Plant Oiler	\$58.36	7Z	4S	9A
Power Equipment Operators	Posthole Auger Or Punch	\$59.44	7Z	4S	9A
Power Equipment Operators	Power Broom	\$58.73	7Z	4S	9A
Power Equipment Operators	Pump (grout Or Jet)	\$59.44	7Z	4S	9A
Power Equipment Operators	Pumpman	\$58.36	7Z	4S	9A
Power Equipment Operators	Quad-track Or Similar Equipment	\$60.14	7Z	4S	9A
Power Equipment Operators	Railroad Ballast Regulation Operator (self-propelled)	\$58.73	7Z	4S	9A
Power Equipment Operators	Railroad Power Tamper Operator (self-propelled)	\$58.73	7Z	4S	9A
Power Equipment Operators	Railroad Tamper Jack Operator (self-propelled)	\$58.73	7Z	4S	9A
Power Equipment Operators	Railroad Track Liner Operator (self-propelled)	\$59.82	7Z	4S	9A
Power Equipment Operators	Refrigeration Plant Engineer (1000 Tons & Over)	\$59.82	7Z	4S	9A
Power Equipment Operators	Refrigeration Plant Engineer (under 1000 Ton)	\$59.63	7Z	4S	9A
Power Equipment Operators	Roller (finishing Asphalt Pavement)	\$60.14	7Z	4S	9A
Power Equipment Operators	Rollers, All Types On Subgrade, Including Seal And Chip Coating (farm Type, Case, John Deere And Similar, or Compacting Vibrator), Except When Pulled B	\$58.36	7Z	4S	9A
Power Equipment Operators	Roto Mill (pavement Grinder)	\$60.14	7Z	4S	9A
Power Equipment Operators	Rotomill Groundsman	\$59.63	7Z	4S	9A
Power Equipment Operators	Rubber-tired Scrapers (multiple Engine With Three Or More Scrapers)	\$60.46	7Z	4S	9A
Power Equipment Operators	Rubber-tired Skidders (r/t With Or Without Attachments)	\$59.63	7Z	4S	9A
Power Equipment Operators	Scrapers, All, Rubber-tired	\$60.14	7Z	4S	9A
Power Equipment Operators	Screed Operator	\$60.14	7Z	4S	9A
Power Equipment Operators	Shovels (3 Yds. & Over)	\$60.46	7Z	4S	9A

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Power Equipment Operators	Shovels (under 3 Yds.)	\$60.14	7Z	4S	9A
Power Equipment Operators	Signalman (whirleys, Highline, Hammerheads Or Similar)	\$59.82	7Z	4S	9A
Power Equipment Operators	Soil Stabilizer (p & H Or Similar)	\$59.44	7Z	4S	9A
Power Equipment Operators	Spray Curing Machine (concrete)	\$58.73	7Z	4S	9A
Power Equipment Operators	Spreader Box (self-propelled)	\$58.73	7Z	4S	9A
Power Equipment Operators	Spreader Machine	\$59.44	7Z	4S	9A
Power Equipment Operators	Steam Cleaner	\$58.36	7Z	4S	9A
Power Equipment Operators	Straddle Buggy (ross & Similar On Construction Job Only)	\$58.73	7Z	4S	9A
Power Equipment Operators	Surface Heater & Planer Machine	\$59.63	7Z	4S	9A
Power Equipment Operators	Tractor (farm Type R/t With Attachments, Except Backhoe)	\$58.73	7Z	4S	9A
Power Equipment Operators	Traverse Finish Machine	\$59.44	7Z	4S	9A
Power Equipment Operators	Trenching Machines (7 Ft. Depth & Over)	\$60.14	7Z	4S	9A
Power Equipment Operators	Trenching Machines (under 7 Ft. Depth Capacity)	\$59.63	7Z	4S	9A
Power Equipment Operators	Tug Boat Operator	\$60.14	7Z	4S	9A
Power Equipment Operators	Tugger Operator	\$58.73	7Z	4S	9A
Power Equipment Operators	Turnhead (with Re-screening)	\$59.63	7Z	4S	9A
Power Equipment Operators	Turnhead Operator	\$59.44	7Z	4S	9A
Power Equipment Operators	Ultra High Pressure Waterjet Cutting Tool System Operator, (30,000 Psi)	\$60.46	7Z	4S	9A
Power Equipment Operators	Vactor Guzzler, Super Sucker	\$60.14	7Z	4S	9A
Power Equipment Operators	Vacuum Blasting Machine Operator	\$60.46	7Z	4S	9A
Power Equipment Operators	Vacuum Drill (reverse Circulation Drill Under 8 Inch Bit)	\$59.63	7Z	4S	9A
Power Equipment Operators	Welding Machine	\$58.36	7Z	4S	9A
Power Equipment Operators	Whirleys & Hammerheads, All	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	A-frame Truck (2 Or More Drums)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	A-frame Truck (single Drum)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	All Tower Cranes	\$64.09	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Asphalt Plant Operator	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Assistant Plant Operator, Fireman Or Pugmixer (asphalt)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Assistant Refrigeration Plant & Chiller Operator (over 1000 Ton)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Assistant Refrigeration Plant (under 1000 Ton)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Automatic Subgrader (ditches & Trimmers)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Backfillers (cleveland & Similar)	\$59.44	7Z	4S	9A

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Power Equipment Operators-Underground Sewer & Water	Backhoe & Hoe Ram (under 3/4 Yd.)	\$59.82	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Backhoe (45,000 Gw & Under)	\$59.82	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Backhoe (45,000 Gw To 110,000 Gw)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Backhoe (over 110,000 Gw)	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Backhoes & Hoe Ram (3 Yds & Over)	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Backhoes & Hoe Ram (3/4 Yd. To 3 Yd.)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Bagley Or Stationary Scraper	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Batch & Wet Mix Operator (multiple Units, 2 & Incl. 4)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Batch Plant & Wet Mix Operator, Single Unit (concrete)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Batch Plant (over 4 Units)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Belt Finishing Machine	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Belt Loader (kocal Or Similar)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Belt-crete Conveyors With Power Pack Or Similar	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Bending Machine	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Bit Grinders	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Blade (finish & Bluetop), Automatic, Cmi, Abc, Finish Athey & Huber & Similar When Used As Automatic	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Blade Operator (motor Patrol & Attachments)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Blower Operator (cement)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Boat Operator	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Bob Cat (skid Steer)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Bolt Threading Machine	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Boom Cats (side)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Boring Machine (earth)	\$59.44	7Z	4S	9A

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Power Equipment Operators-Underground Sewer & Water	Boring Machine (Rock Under 8 inch Bit - Quarry Master, Joy Or Similar)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Bump Cutter (wayne, Saginaw Or Similar)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Cableway Controller (dispatcher)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Cableway Operators	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Canal Lining Machine (concrete)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Carrydeck & Boom Truck (under 25 Tons)	\$59.82	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Cement Hog	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Chipper (Without Crane)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Clamshell, Dragline	\$62.33	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Cleaning & Doping Machine (Pipeline)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Compactor (self-propelled With Blade)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Compressor (2000 Cfm Or Over, 2 Or More, Gas Diesel Or Electric Power)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Compressors (under 2000 Cfm, Gas, Diesel Or Electric Power)	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Concrete Cleaning / Decontamination Machine Operator	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Concrete Pump Boom Truck	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Concrete Pumps (squeeze-crete, Flow-crete, Whitman & Similar)	\$59.63	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Concrete Saw (multiple Cut)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Concrete Slip Form Paver	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Conveyor Aggregate Delivery Systems (c.a.d.)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Crane Oiler & Cable Tender, Mucking Machine	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Crane Oiler - Driver (cdl Required)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Cranes (100 to 299 Tons) All Attachments	\$63.26	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Cranes (25 Tons & Under), All Attachments Incl. Clamshell, Dragline	\$59.82	7Z	4S	9A

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Power Equipment Operators-Underground Sewer & Water	Cranes (25 Tons To And Including 44 Tons), All Attachments Incl. Clamshell, Dragline	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Cranes (300 Tons and Over) All Attachments	\$64.09	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Cranes (45 Tons To 55 Tons), All Attachments Incl. Clamshell And Dragline	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Cranes (56 to 99 tons) and overhead, rail and Quick Tower. All attachment incl. Clamshell, Dragline	\$62.33	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Crusher Feeder	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Crusher, Grizzle & Screening Plant Operator	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Curb Extruder (asphalt Or Concrete)	\$59.63	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Deck Engineer	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Deck Hand	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Derricks & Stifflegs (65 Tons & Over)	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Derricks & Stifflegs (under 65 Tons)	\$59.82	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Distributor Leverman	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Ditch Witch Or Similar	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Dope Pots (power Agitated)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Dozer / Tractor (up To D-5 Or Equivalent) And Traxcavator	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Dozer / Tractors (d-6 & Equivalent & Over)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Dozer, 834 R/t & Similar	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Drill Doctor	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Driller Licensed	\$62.33	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Drillers Helper	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Drilling Equipment (8 inch Bit & Over - Robbins, Reverse Circulation & Similar)	\$59.82	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Drills (churn, Core, Calyx Or Diamond)	\$59.63	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Elevating Belt (holland Type)	\$60.46	7Z	4S	9A

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Power Equipment Operators-Underground Sewer & Water	Elevating Belt-type Loader (euclid, Barber Green & Similar)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Elevating Grader-type Loader (dumor, Adams Or Similar)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Elevator Hoisting Materials	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Equipment Serviceman, Greaser & Oiler	\$59.63	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Fireman & Heater Tender	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Fork Lift Or Lumber Stackler, Hydra-life & Similar	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Generator Plant Engineers (diesel Or Electric)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Gin Trucks (pipeline)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Grade Checker	\$59.82	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Gunite Combination Mixer & Compressor	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	H.d. Mechanic	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	H.d. Welder	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Heavy Equipment Robotics Operator	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Helicopter Pilot	\$62.33	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Helper, Mechanic Or Welder, H.D	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Hoe Ram	\$59.82	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Hoist (2 Or More Drums Or Tower Hoist)	\$59.63	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Hoist, Single Drum	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Hydraulic Platform Trailers (goldhofer, Shaurely And Similar)	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Hydro-seeder, Mulcher, Nozzleman	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Lime Batch Tank Operator (recycle Train)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Lime Brain Operator (recycle Train)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Loader (360 Degrees Revolving Koehring Scooper Or Similar)	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Loader Operator (front-end & Overhead, 4 Yds. Incl. 8 Yds.)	\$60.14	7Z	4S	9A

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Power Equipment Operators-Underground Sewer & Water	Loaders (bucket Elevators And Conveyors)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Loaders (overhead & Front-end, Over 8 Yds.)	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Loaders (overhead & Front-end, Under 4 Yds. R/t)	\$59.63	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Locomotive Engineer	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Longitudinal Float	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Master Environmental Maintenance Technician	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Mixer (portable - Concrete)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Mixermobile	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Mobile Crusher Operator (recycle Train)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Mucking Machine	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Multiple Dozer Units With Single Blade	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Pavement Breaker, Hydra-hammer & Similar	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Paving (dual Drum)	\$59.82	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Paving Machine (asphalt And Concrete)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Piledriving Engineers	\$59.82	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Plant Oiler	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Posthole Auger Or Punch	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Power Broom	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Pump (grout Or Jet)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Pumpman	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Quad-track Or Similar Equipment	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Railroad Ballast Regulation Operator (self-propelled)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Railroad Power Tamper Operator (self-propelled)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Railroad Tamper Jack Operator (self-propelled)	\$58.73	7Z	4S	9A

Trade	Job Classification	Wage	Holiday	Overtime	Notes
Power Equipment Operators-Underground Sewer & Water	Railroad Track Liner Operator (self-propelled)	\$59.82	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Refrigeration Plant Engineer (1000 Tons & Over)	\$59.82	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Refrigeration Plant Engineer (under 1000 Ton)	\$59.63	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Roller (finishing Asphalt Pavement)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Rollers, All Types On Subgrade, Including Seal And Chip Coating (farm Type, Case, John Deere And Similar, or Compacting Vibrator), Except When Pulled B	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Roto Mill (pavement Grinder)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Rotomill Groundsman	\$59.63	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Rubber-tired Scrapers (multiple Engine With Three Or More Scrapers)	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Rubber-tired Skidders (r/t With Or Without Attachments)	\$59.63	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Scrapers, All, Rubber-tired	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Screed Operator	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Shovels (3 Yds. & Over)	\$60.46	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Shovels (under 3 Yds.)	\$60.14	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Signalman (whirleys, Highline, Hammerheads Or Similar)	\$59.82	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Soil Stabilizer (p & H Or Similar)	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Spray Curing Machine (concrete)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Spreader Box (self-propelled)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Spreader Machine	\$59.44	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Steam Cleaner	\$58.36	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Straddle Buggy (ross & Similar On Construction Job Only)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Surface Heater & Planer Machine	\$59.63	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Tractor (farm Type R/t With Attachments, Except Backhoe)	\$58.73	7Z	4S	9A
Power Equipment Operators-Underground Sewer & Water	Traverse Finish Machine	\$59.44	7Z	4S	9A

Trade	Job Classification	Wage	Holiday	Overtime	Notes
