

# WHITMAN COUNTY PUBLIC WORKS

## SMALL WORKS WORKSHEET

**PROJECT NAME:** 2020 Road Stabilization Project in the Pullman, WA Area

**DESCRIPTION: (Materials, Application, Supplies, Equipment)**

Whitman County is soliciting quotes for delivery and application of Magnesium Chloride to sections of 2 roads for a total of 2.96 miles of treated roadway and 6350 square yards of commercial lot. Roads to have material applied are as follows:

- Country Club Rd. 1.75 miles @ 26' wide
- Stevick Rd 1.21 miles @ 22' wide
- Landfill Site approx. 6350 sq. yards

Whitman County will do all prep work and traffic control for the project. Successful bidder will deliver and apply two .25 gallons/square yard applications for a total of .50 gallons/square yard applied on all roads and the commercial lot at the Landfill Site. Bidder must use a metered distributor for an accurate and even application. Bidder will coordinate with Whitman County to insure roadway is prepared properly prior to application. Whitman County would like to target a May 19<sup>th</sup>, 2020 start date for this project. Whitman County crews work 10-hour days Monday thru Thursday. Application should be for an estimated total of 48,700 square yards and 24,350 gallons applied knowing that the actual gallons and/or tons may differ. Material delivered must be large enough in quantity to complete at least one road per day.

This is considered a public works project so prevailing wage applies. A copy of the wages paid statement will need to be provided to Whitman County at the end of the project. Invoices will be paid within 30 days of receipt.

All delivered materials, equipment, application and supply costs, plus tax, should be included in the quote. Please provide costs per ton and an estimated total cost **not** including tax.
