Re: Request for Proposals (RFP) – Orthophotography

PROJECT DESCRIPTION:

The work to be performed by the CONSULTANT consists of acquiring color digital aerial photography in summer 2015, and to produce digital orthophoto tiles, with associated metadata, for Whitman County, Washington.

TO WHOM IT MAY CONCERN:

Whitman County, Washington has completed its review of the RFP responses to the “Request for Proposals – Orthophotography”. Based upon our review and evaluation of the submittals, we have selected Access Geographic, LLC to initiate contract negotiations for services. If, for some reason, we are unable to agree on contract terms and conditions, we will clearly terminate negotiations with Access Geographic, LLC, and initiate the process with the firm we believe to be the next most qualified. Existing submitted Fee Proposals will be kept open through July 15, 2015.

We want to thank all of the applicants for their submittals, as we understand how much time and effort it takes to prepare a proposal for a complex and expensive project such as this.

Sincerely,

---

Jeff Marshall  
Project Engineer
